Athens from 1456 to 1920 Dimitris N. Karidis,2014-04-15 Architectural and urban analysis of Athens between 1456 and 1920 discloses the metamorphosis of a town to a city experienced as an invigorating adventure through the meandering routes of history

Lord Byron's Cain Truman Guy Steffan,2014-11-17 Cain has been ranked as one of the two best dramatic poems written in England in the nineteenth century Because of its religious heterodoxy which veiled a political iconoclasm and also because of Byron s notoriety Cain stirred up a storm among Tories and clergymen from Kentish town to Pisa From 1821 to 1830 more was printed about its eighteen hundred alarming lines than about the twenty thousand of Don Juan One solemn Frenchman even translated the work in order to supply his countrymen with a text that he could then rewrite and confute After the initial controversy readers began to regard Cain not merely as revolutionary propaganda but as a fictional portrait of common youthful experience a sequence of aspiration discontent uncertainty confusion misunderstood isolation fear frustration anger and finally a rash inevitable but futile revolt that led to a future of hopeless regret Truman Guy Steffan here presents a text arrived at by collation of the first

and several later editions with the original manuscript presently in the Stark Collection of the Miriam Litcher Stark Library at the Harry Ransom Center the University of Texas at Austin The first eight essays which comprise Part I cover a number of literary topics Byron's defense of his purposes in *Cain* and the relevance of his dramatic theory to the poem the characterization that is an ideological confrontation a revelation of personal conflict as well as a rendering of individuals who have an existence independent of the author the principles that controlled Byron's absorption and expansion of biblical materials the integration of the imagery with the dramatic substance the incongruities of the language the metrical heterodoxy and a description of the manuscript and of Byron's insertions Part II contains the text of *Cain* accompanied by notes on the variants the manuscript cancellations and additions certain linguistic details and the scansion of some unusual verses Then follow annotations on allusions sources and analogues and on a few passages of the play that have elicited unusual conflict over interpretation Part III provides a history of *Cain* criticism from the opinions of Byron's social and literary circle and of the major periodicals and pamphlets to the more complicated contribution of the twentieth century This important work stands not only as a valuable addition to Byron scholarship but also as an illuminating record of the changing critical and cultural attitudes from the early nineteenth century to the 1960s Steffan has done a remarkable job in bringing together and synthesizing an enormous body of material

Capital Punishment in Twentieth-Century Britain Lizzie Seal,2014-03-05 Capital punishment for murder was abolished in Britain in 1965 At this time the way people in Britain perceived and understood the death penalty had changed it was an issue that had become increasingly controversial high profile and fraught with emotion In order to understand why this was it is necessary to examine how ordinary people learned about and experienced capital punishment Drawing on primary research this book explores the cultural life of the death penalty in Britain in the twentieth century including an exploration of the role of the popular press and a discussion of portrayals of the death penalty in plays novels and films Popular protest against capital punishment and public responses to and understandings of capital cases are also discussed

particularly in relation to conceptualisations of justice Miscarriages of justice were significant to capital punishment's increasingly fraught nature in the mid twentieth century and the book analyses the unsettling power of two such high profile miscarriages of justice The final chapters consider the continuing relevance of capital punishment in Britain after abolition including its symbolism and how people negotiate memories of the death penalty Capital Punishment in Twentieth Century Britain is groundbreaking in its attention to the death penalty and the effect it had on everyday life and it is the only text on this era to place public and popular discourses about and reactions to capital punishment at the centre of the analysis Interdisciplinary in focus and methodology it will appeal to historians criminologists sociologists and socio legal scholars
