The Angel in the Marketplace Ellen Wayland-Smith, 2020-09-01 The popular image of a midcentury adwoman is of a feisty girl beating men at their own game a female Horatio Alger protagonist battling her way through the sexist workplace But before the fictional rise of Peggy Olson

or the real life stories of Patricia Tierney and Jane Maas came Jean Wade Rindlaub a female power broker who used her considerable success in the workplace to encourage other women to stick to their kitchens The Angel in the Marketplace is the story of one of America s most accomplished advertising executives It is also the story of how advertisers like Rindlaub sold a postwar American dream of capitalism and a Christian corporate order Rindlaub was responsible for award winning mega sales generating advertisements for all things domestic including Oneida silverware Betty Crocker cake mix Campbell s soup and Chiquita bananas Her success largely came from embracing rather than subverting the cultural expectations of women She believed her responsibility as an advertiser was not to spring women from their trap but to make that trap more comfortable Rindlaub wasn t just selling silverware and cakes she was selling the virtues of free enterprise By following the arc of Rindlaub s career from the 1920s through the 1960s we witness how a range of cultural narratives advertising chief among them worked powerfully to shape women s emotional and economic behavior in support of the free market system Alongside Rindlaub s story Ellen Wayland Smith provides a riveting history of how women were repeatedly sold the idea that their role as housewives was more powerful and more patriotic than any outside the home And by buying into the image of morality through an unregulated market many of these women helped fuel backlash against economic regulation and socialization efforts throughout the twentieth century The Angel in the Marketplace is a nuanced portrayal of a complex woman one who both shaped and reflected the complicated cultural political and religious forces defining femininity in America at mid century This compelling account of one of advertising s most fervent believers is a tale of a Mad Woman we haven t been told
