Vermeer S Family Secrets Genius Discovery And The Unknown Apprentice:

Vermeer's Family Secrets Benjamin Binstock,2009 Benjamin Binstock revolutionises how we think about Vermeer s work and life Vermeer is famously a mystery in art there is scant information on his life and training and nothing to connect him to any students What remains is the paintings themselves as well as some historical information and surmise

Vermeer's Family Secrets Benjamin Binstock,2013-03-07 Johannes Vermeer one of the greatest Dutch painters and for some the single greatest painter of all produced a remarkably small corpus of work In Vermeer s Family Secrets Benjamin Binstock revolutionizes how we think about Vermeer s work and life Vermeer The Sphinx of Delft is famously a mystery in art despite the common claim that little is known of his biography there is actually an abundance of fascinating information about Vermeer s life that Binstock brings to bear on Vermeer s art for the first time he also offers new interpretations of several key documents pertaining to Vermeer that have been misunderstood Lavishly illustrated with more than 180 black and white images and more than sixty color plates the book also includes a remarkable color two page spread that presents the entirety of Vermeer s oeuvre arranged in chronological order in 1 20 scale demonstrating his gradual formal and conceptual development No book on Vermeer has ever done this kind of visual comparison of his complete output Like Poe s purloined letter Vermeer s secrets are sometimes out in the open where everyone can see them Benjamin Binstock shows us where to look Piecing together evidence the tools of art history and his own intuitive skills he gives us for the first time a history of Vermeer s work in light of Vermeer s life On almost every page of Vermeer s Family Secrets there is a perception or an adjustment that rethinks what we know about Vermeer his oeuvre Dutch painting and Western Art Perhaps the most arresting revelation of Vermeer s Family Secrets is the final one in response to inconsistencies in technique materials and artistic level Binstock posits that several of the paintings accepted as canonical works by Vermeer are in fact not by Vermeer at all but by his eldest daughter Maria How he argues this is one of the book s many pleasures **Art + Travel Europe**

Vermeer and Delft Museyon,2013-01-01 Vermeer who painted exquisite light infused scenes of middle class life in Delft was a slow craftsman and produced few works in his lifetime Many of his paintings were scooped up by wealthy Delft patron Pieter van Ruijven which may be why his fame didn t spread to other Dutch art centers In fact Vermeer was relatively unknown until 1866 when French critic Th ophile Thor saw his View of Delft in The Hague This book features detailed walking tours of Delft the Hague and Amsterdam where the artist lived loved and labored Readers will discover the sights and stories behind such an iconic work like Girl with a Pearl Earring **Art + Travel Europe**

Museyon Guides,2010-03-01 Van Gogh Munch Vermeer Caravaggio and Goya are five iconic European artists whose inspirational works have been obsessed over by art lovers and travelers for years To see masterpieces such as Starry Night and The Scream up close is awe inspiring but this guide offers true devotees even more The book provides detailed walking tours of Van Gogh s Arles France Munch s Oslo Norway Vermeer s Delft Netherlands Caravaggio s Rome Italy and Goya s Madrid Spain as well as meticulously

researched articles on the artist's life. It is packed with useful sidebars, suggested itineraries, museum locations, and an extended index of artwork and features color photographs of more than 150 paintings.

Traces of Vermeer Jane Jelley, 2017 The iconic paintings of the 17th century Dutch artist Johannes Vermeer have been the source of admiration and controversy ever since they were rediscovered in the 19th century. Amazingly, there is still no agreement amongst experts as to how they were produced.

Vermeer's Love Letters Robert Fucci, 2025-04-29 The theme of writing and receiving letters, a subject that recurs frequently in the work of Johannes Vermeer, is given dramatic tension in three iconic paintings in which elegantly dressed women eagerly await correspondence, subtly hinting at themes of love and longing. Centered on the motif of letter writing, this book unites three iconic Vermeer paintings: *Mistress and Maid* (The Frick Collection), *The Love Letter* (Rijksmuseum), and *Woman Writing a Letter with Her Maid* (National Gallery of Ireland), delving into the enigmatic allure of the Dutch painter's work. Vermeer's artistry is renowned for encapsulating moments of intrigue and intimacy amidst the domestic scenes of Dutch life. Through masterful manipulation of light and perspective, he imbues his paintings with symbolic depth, exploring themes of communication, secrecy, and emotional connection. Through meticulous analysis, this publication explores the profound thematic undercurrents binding these masterpieces, shedding light on Vermeer's legacy and his ability to capture moments of intimacy with unparalleled depth. Examining the implied and explicit meanings of the works, the publication offers a scholarly dialogue between past and present interpretations, questioning whether the works serve as complex allegories or straightforward depictions of Dutch upper middle class life. Additionally, other paintings by Vermeer, Gerard ter Borch, Gabriel Metsu, and Rembrandt are explored, addressing the relevance of their comparable images and offering a fresh perspective on the enduring relevance of Vermeer's artistry.

A Cultural Study of Mary and the Annunciation Gary Waller, 2015-10-06 This book traces the history of the Annunciation, exploring the deep and lasting impact of the event on the Western imagination. The Ashgate Research Companion to Dutch Art of the Seventeenth Century Wayne Franits, 2017-07-05 Despite the tremendous number of studies produced annually in the field of Dutch art over the last 30 years or so, and the strong contemporary market for works by Dutch masters of the period, as well as the public's ongoing fascination with some of its most beloved painters, until now there has been no comprehensive study assessing the state of research in the field.
