BrightSummaries com **Veronika Decides to Die** Paulo Coelho, 2009 Twenty four year old Veronika seems to have it all youth beauty a good job and loving family But one morning she wakes up and tries to kill herself The attempt fails but leaves her damaged with only a few days to live In her final days she embarks on a transforming self discovery A story about choices and how it affects the ones left behind Stranger at the Door Kristjana Gunnars, 2006-01-01 At the beginning of a new writing project whether it s the first page of a new novel or a less ambitious project writers often experience exhilaration fear or dread For Kristjana Gunnars the call of a new project is like someone you don t know knocking on your door you either choose to let the person in or not It s both exciting and dangerous to start a new manuscript This book is an engagement with that stranger called writing Creative or imaginative writing is a complex process that involves more than intellect alone Writers make use of everything their sensibilities history culture knowledge experience education and even their biology These essays seek out and gather into a discussion what writers have said about their own experiences in writing Although the writers are from around the world and of very different backgrounds the commonality of their remarks brings home the realization that writers everywhere are grappling with similar problems with the seemingly simple problems of when where why and what to write but also larger questions such as the relationship between writer and society or issues of privacy appropriation or homelessness While none of these questions can be definitively answered they can be fruitfully discussed Originating as questions posed in creative writing seminars these essays have grown into companion texts for both writers
