Mamary, 2021-01-05 When Harry Potter first boards the Hogwarts

Express he journeys to a world which Rowling says has alchemy as its internal logic The Philosopher's Stone known for its power to transform base metals into gold and to give immortality to its maker is the subject of the conflict between Harry and Voldemort in the first book of the series But alchemy is not about money or eternal life it is much more about the transformations of desire of power and of people through love Harry's equally remarkable and ordinary power to love leads to his desire to find but not use the Philosopher's Stone at the start of the series and his wish to end the destructive power of the Elder Wand at the end This collection of essays on alchemical symbolism and transformations in Rowling's series demonstrates how Harry's work with magical objects people and creatures transfigure desire power and identity As Harry's leaden existence on Privet Drive is transformed in the company of his friends and teachers the Harry Potter novels have transformed millions of readers inspiring us to find the gold in our ordinary lives *The Impact of Openness and Ambiguity*

Tolerance on Learning English as a Foreign Language Brygida Lika, 2024-01-09 This book highlights the importance of individual learner differences in learning English as a foreign language and reports the findings of a study which investigated

the impact of two personality traits which are openness to experience and ambiguity tolerance on target language attainment among Polish secondary school students The book provides an exhaustive overview of the theoretical issues and existing research related to personality emphasizing the two traits under investigation openness and ambiguity tolerance which are the focus of the empirical study reported later in the book The empirical investigation explored relationships between openness to experience and ambiguity tolerance as well as their impact on attainment in learning English as a foreign language Moreover it also aimed to shed light on the link between these traits and students assessments i e self assessment and school grades The findings of the study provide a basis for proposing specific profiles of foreign language learners with different levels of openness and ambiguity tolerance

Looseleaf for Theories of Personality Jess Feist,Tomi-Ann Roberts,Gregory Feist,2013-07-17 The 8th edition of Theories of Personality follows in the tradition of the previous versions by centering on the premise that personality theories are a reflection of the unique cultural background family experiences personalities and professional training of their originators The book begins by acquainting students with the meaning of personality and providing them with a solid foundation for understanding the nature of theory as well as its crucial contributions to science The chapters that follow present twenty three major theories coverage of each theory also encompasses a biographical sketch of each theorist related research and applications to real life Changes in the 8th edition included a new chapter 8 on evolutionary personality theory focusing on the work of David Buss The Related Research sections in each chapter have also been updated
