Theravada Buddhism Continuity Diversity And Identity:

Theravada Buddhism Kate Crosby, 2013-09-16 Theravada Buddhism provides a comprehensive introductory overview of the history teachings and current practice of an often misunderstood form of one of the world's oldest religious traditions Explores Theravada Buddhism's origins evolution teachings and practices Considers the practice of Theravada beyond Sri Lanka and Thailand by exploring a wealth of material from countries including Bangladesh Cambodia and Vietnam Reveals its rich and varied traditions and corrects common misunderstandings about links to other practices such as early Buddhism or Hinayana Buddhism Incorporates student friendly features including a glossary and other study aids The Oxford Handbook of Buddhist Practice Paula Kane Robinson Arai, Kevin Trainor, 2022 Foregrounds the impact of embodiment in Buddhism Highlights the diversity and fluidity of Buddhist identities The most comprehensive available volume on Buddhist practice Book jacket **Religion and the Individual: Belief, Practice, and Identity** Douglas J. Davies, Michael J. Thate, 2018-07-05 This book is a printed edition of the Special Issue Religion and the Individual Belief Practice and Identity that was published in Religions **Swami Vivekananda's Vedāntic Cosmopolitanism** Swami Medhananda, 2022 Swami Vivekananda the nineteenth century Hindu monk who introduced Vedanta to the West is undoubtedly one of modern India's most influential philosophers Unfortunately his philosophy has too often been interpreted through reductive hermeneutic lenses Typically scholars have viewed him either as a modern day exponent of Sankara's Advaita Vedanta or as a Neo Vedantin influenced more by Western ideas than indigenous Indian traditions In Swami Vivekananda's Vedantic Cosmopolitanism Swami Medhananda rejects these prevailing approaches to offer a new interpretation of Vivekananda's philosophy highlighting its originality contemporary relevance and cross cultural significance Vivekananda the book argues is best understood as a cosmopolitan Vedantin who developed novel philosophical positions through creative dialectical engagement with both Indian and Western thinkers Inspired by his guru Sri Ramakrishna Vivekananda reconceived Advaita Vedanta as a nonsectarian life affirming philosophy that provides an ontological basis for religious cosmopolitanism and a spiritual ethics of social service He defended the scientific credentials of religion while criticizing the climate of scientism beginning to develop in the late nineteenth century He was also one of the first philosophers to defend the evidential value of supersensuous perception on the basis of general epistemic principles Finally he adopted innovative cosmopolitan approaches to long standing philosophical problems Bringing him into dialogue with numerous philosophers past and present Medhananda demonstrates the sophistication and enduring value of Vivekananda's views on the limits of reason the dynamics of religious faith and the hard problem of consciousness *Champions of Buddhism* Kate Crosby, Patrick Pranke, Juliane Schober, Niklas Foxeus, Keiko Tosa, Thomas Patton, Celine Coderey, Steven Collins, 2014-05-14 Hidden at the margins of Burmese Buddhism and culture the cults of the weikza shape Burmese culture by bringing together practices of supernatural power and a mission to protect Buddhism This exciting new research on an often hidden aspect of Burmese

religion places weikza in relation to the Vipassana insight meditation movement and conventional Buddhist practices as well as the contemporary rise of Buddhist fundamentalism Featuring research based on fieldwork only possible in recent years paired with reflective essays by senior Buddhist studies scholars this book situates the weikza cult in relation to broader Buddhist and Southeast Asian contexts offering interpretations and investigations as rich and diverse as the Burmese expressions of the weikza cults themselves Champions of Buddhism opens the field to new questions new problems and new connections with the study of religion and Southeast Asia in general

Secularizing Buddhism

Sarah Shaw, Kate Crosby, Roger R. Jackson, Gil Fronsda, 2021-08-03 A timely essay collection on the development and influence of secular expressions of Buddhism in the West and beyond How do secular values impact Buddhism in the modern world What versions of Buddhism are being transmitted to the West Is it possible to know whether an interpretation of the Buddha s words is correct In this new essay collection opposing ideas that often define Buddhist communities secular versus religious modern versus traditional Western versus Eastern are unpacked and critically examined These reflections by contemporary scholars and practitioners reveal the dynamic process of reinterpreting and reimagining Buddhism in secular contexts from the mindfulness movement to Buddhist shrine displays in museums to whether rebirth is an essential belief This collection explores a wide range of modern understandings of Buddhism whether it is considered a religion philosophy or lifestyle choice and questions if secular Buddhism is purely a Western invention offering a timely contribution to an ever evolving discussion Contributors include Bhikkhu Bodhi Kate Crosby Gil Fronsda Kathleen Gregory Funie Hsu Roger R Jackson Charles B Jones David L McMahan Richard K Payne Ron Purser Sarah Shaw

Colleagues and former students of Gregory Schopen honor his path breaking contributions to Buddhist studies with these articles on the early Mahayana the monastic codes and Buddhism s art historical and epigraphical remains This volume honors the profoundly transformative influence of Gregory Schopen s many contributions to Buddhist studies Eighteen articles by former students and colleagues focus on the areas of Schopen s most noteworthy influence the study of the Mahayana particularly of its early sutra literature the study of Vinaya especially the narratives accompanying the rules for monks and nuns and the study of Buddhist epigraphy and art history Contributors demonstrate the ongoing significance of Schopen s scholarship including his very first article on the cult of the book in the early Mahayana published fifty years ago Schopen has repeatedly shown how the study of Buddhism has too often focused on scriptures and normative doctrines and not enough on the practical ideas and contexts that significantly impacted the lives of actual Buddhists He sought to reveal these lived concerns in the massive trove of Buddhist inscriptions which often expose the habits and ideas of the tradition s most prominent donors many of whom were monastics as well as the everyday concerns of monks and nuns whose views did not always dovetail with canonical sources Even in his treatment of canonical sources Schopen has shown that the standard portrait of a Buddhist monk or nun fails to match a careful reading of their law codes his work on the Mulasarvastivada vinaya has required scholars to substantially reimagine the legal and ritual obligations as well as the economic concerns that preoccupied the minds of Buddhist jurists Schopen has in essence brought the Buddha down to earth revealing that this is precisely where most Indian Buddhists encountered him The contributions in this celebratory volume reflect this legacy and Schopen s considerable impact on our understanding of Buddhists in India **The Palace Law of Ayutthaya and the Thammasat** ,2016-06-01 This book contains the first academic translations of key legal texts from the Ayutthaya era 1351 1767 along with an essay on the role of law in Thai history The legal history of Southeast Asia has languished because few texts are accessible in translation The Three Seals Code is a collection of Thai legal manuscripts surviving from the Ayutthaya era The Palace Law probably dating to the late fifteenth century was the principal law on kingship and government The Thammasat a descendant of India s dharmasastra stood at the head of the Code and gave it authority Here these two key laws are presented in English translation for the first time along with detailed annotations and analyses of their content The coverage of family arrangements court protocol warfare royal women and ceremonial conduct in the Palace Law presents a detailed portrayal of Siamese kingship reaching beyond terms such as devaraja thammaraja and cakravartin Close analysis of the Thammasat questions the assumption that this text has a long standing and fundamental role in Thai legal practice Royal lawmaking had a large and hitherto unappreciated role in the premodern Thai state This book is an important contribution to Thai history Southeast Asian history and comparative legal studies *The Efficacy of Intimacy and Belief in Worldmaking Practices* Urmila Mohan,2023-11-17 This book explores efficacious intimacy as an embodied concept of worldmaking and a

framework for studying belief practices in religious and political domains The study of how beliefs make and manifest power through their sociality and materiality can reveal who or what is considered effective in a particular socio cultural context The chapters feature case studies drawn from diverse religious and political contexts in Asia Africa and the Americas and explore practices ranging from ingesting sacred water to resisting injustice In doing so the authors analyze emotions and affects and how they influence dynamics of proximity and distance Taking an innovative approach to the topic of intimacy the book offers a fascinating examination of how life worlds are constructed by material practices It will be of interest to scholars of anthropology religion and material culture

The Routledge Handbook of Translation and Religion Hephzibah Israel,2022-12-19 The Routledge Handbook of Translation and Religion is the first to bring together an extensive interdisciplinary engagement with the multiple ways in which the concepts and practices of translation and religion intersect The book engages a number of scholarly disciplines in conversation with each other including the study of translation and interpreting religion philosophy anthropology history art history and area studies A range of leading and emerging international specialists critically engage with changing understandings of the key categories translation and religion as discursive constructs thus contributing to the development of a new field of academic study translation and religion The 28 contributions divided into six parts analyze how translation constructs ideas texts or objects as sacred or for religious purposes often in competition with what is categorized as non religious The part played by faith communities is treated as integral to analyses of the role of translation and religion It investigates how or why translation functions in re constructing and transforming religion s and for whom and examines a range of sacred texts in translation from the written to the spoken manuscript to print paper to digital architectural form to objects of sacred art intersemiotic scriptural texts and where commentary exegesis and translation interweave This Handbook is an indispensable scholarly resource for researchers in translation studies and the study of religions

A Sense of Place and Belonging Klemens Karlsson,2025-03-15 *A Sense of Place and Belonging* examines a marginalized society Chiang Tung Keng Tung in the Eastern Shan State of Myanmar between the dominant cultures of the Burmese Chinese and Siamese Thai Chiang Tung sits at the historic borderland known as the Golden Triangle an area marked by drug trade human trafficking and civil war Hiding a glorious literary and visual cultural tradition from the fourteenth century Chiang Tung is remarkable for how well it has maintained its Buddhist culture in the turbulent history of war and forced resettlement that formed northern Southeast Asia Klemens Karlsson examines the connection between the Buddhist traditions the ancient cult of territory spirits a cult of the earth place and village that forms a kind of religious map and the monsoon culture of wet rice irrigation Tying together myths and memories told by local people and written in local chronicles with the unique performance of the Songkran festival which dramatizes a symbolic agreement between Tai Khuen people and the indigenous Lua Lawa people *A Sense of Place and Belonging* presents a historical political religious and cultural context connecting the present with the past the local with the global and tradition

with change and transformation **Introduction to Buddhist Meditation** Sarah Shaw, 2024-04-30 This lively introduction to Buddhist meditation offers students and practitioners alike a deeper understanding of what meditation is and its purpose and place in the context of different Buddhist schools The historical background and geographical spread of Buddhist meditation is explored alongside an examination of the development of meditative practices Chapters cover basic meditative practice types of meditation meditation in different regions meditation and doctrine and the role of chanting within meditation Although not a practical guide Introduction to Buddhist Meditation outlines the procedures associated with Buddhist practices and suggests appropriate activities useful both for students and interested Buddhists Vivid quotations from Buddhist texts and carefully selected photographs and diagrams help the reader engage fully with this fascinating subject Thoroughly revised throughout this new edition also features a glossary and key making it ideal reading for students approaching the topic of Buddhist meditation for the first time **Buddhist Feminisms and Femininities** Karma Lekshe Tsomo, 2019-01-01 Silver Medalist 2020 Independent Publisher Book Awards in the Religion Eastern Western Category This groundbreaking book explores Buddhist thought and culture from multiple Buddhist perspectives as sources for feminist reflection and social action Too often when writers apply terms such as woman femininity and feminism to Buddhist texts and contexts they begin with models of feminist thinking that foreground questions and concerns arising from Western experience This oversight has led to many facile assumptions denials and oversimplifications that ignore women's diverse social and historical contexts But now with the tools of feminist analysis that have developed in recent decades constructs of the feminine in Buddhist texts imagery and philosophy can be examined with the acknowledgment that there are limitations to applying these theoretical paradigms to other cultures Contributors to this volume offer a feminist analysis which integrates gender theory and Buddhist perspectives to Buddhist texts and women's narratives from Asia How do Buddhist concepts of self and no self intersect with concepts of gender identity especially for women How are the female body sexuality and femininity constructed and contested in diverse Buddhist contexts How might power and gender identity be perceived differently through a Buddhist lens By exploring feminist approaches and representations of the feminine including persistent questions about women's identities as householders and renunciants this book helps us to understand how Buddhist influences on attitudes toward women and how feminist thinking from other parts of the world can inform and enlarge contemporary discussions of feminism **Buddhism and International Humanitarian Law** Andrew Bartles-Smith, Kate Crosby, Peter Harvey, Asanga Tilakaratne, Daniel Ratheiser, Noel Maurer Trew, Stefania Travagnin, Elizabeth J. Harris, Mahinda Deegalle, Christina A. Kilby, 2023-09-20 What guidance can Buddhism provide to those involved in armed conflict and to belligerents who must perhaps kill or be killed or defend their families communities or countries from attack How moreover does Buddhism compare with international humanitarian law IHL otherwise known as the law of armed conflict which protects non combatants and restricts the means and methods of warfare to limit the

suffering it causes Despite the prevalence of armed conflict in parts of the Buddhist world few contemporary studies have addressed these questions While there is a wealth of material on Buddhist conflict prevention and resolution remarkably little attention has been paid to what Buddhism says about the actual conduct of war IHL is also still relatively little known in the Buddhist world and might not therefore influence the behaviour of belligerents who self identify as Buddhists and are perhaps more likely to be guided by Buddhist principles This ground breaking volume is part of an International Committee of the Red Cross project which seeks to fill this gap by exploring correspondences between Buddhist and IHL principles and by identifying Buddhist resources to improve compliance with IHL and equivalent Buddhist or humanitarian norms This book will be of much interest to students and researchers of International Law Buddhism Ethics as well as War and Conflict studies The chapters in this book were originally published as a special issue of Contemporary Buddhism The Open Access version of this book available at <https://www.taylorfrancis.com/books/oa-edit/10.4324/9781003439820/buddhism-international-humanitarian-law> andrew bartles smith kate crosby peter harvey asanga tilakaratne daniel ratheiser noel maurer trew stefania travagnin elizabeth harris mahinda deegalle christina kilby has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license A version of the open access title is also available on the OAPEN platform <https://library.oapen.org/handle/20.500.12657/75921>

Thailand's International Meditation Centers Brooke Schedneck, 2015-05-15 This book explores contemporary practices within the new institution of international meditation centers in Thailand It discusses the development of the lay vipassana meditation movement in Thailand and relates Thai Buddhism to contemporary processes of commodification and globalisation Through an examination of how meditation centers are promoted internationally the author considers how Thai Buddhism is translated for and embodied within international tourists who participate in meditation retreats in Thailand Shedding new light on the decontextualization of religious practices and raising new questions concerning tourism and religion this book focuses on the nature of cultural exchange spiritual tourism and religious choice in modernity With an aim of reframing questions of religious modernity each chapter offers a new perspective on the phenomenon of spiritual seeking in Thailand Offering an analysis of why meditation practices appeal to non Buddhists this book contends that religions do not travel as whole entities but instead that partial elements resonate with different cultures and are appropriated over time

Buddhist Visual Cultures, Rhetoric, and Narrative in Late Burmese Wall Paintings Alexandra Green, 2018-01-04 Step into a Burmese temple built between the late seventeenth and early nineteenth centuries and you are surrounded by a riot of color and imagery The majority of the highly detailed wall paintings displays Buddhist biographical narratives inspiring the devotees to follow the Buddha's teachings Alexandra Green goes one step further to consider the temples and their contents as a whole arguing that the wall paintings mediate the relationship between the architecture and the main Buddha statues in the temples This forges a unified space for the devotees to interact with the Buddha and his community with the aim of transforming the devotees current and future

lives These temples were a cohesively articulated and represented Burmese Buddhist world to which the devotees belonged Green's visits to more than 160 sites with identifiable subject matter form the basis of this richly illustrated volume which draws upon art historical anthropological and religious studies methodologies to analyze the wall paintings and elucidate the contemporary religious political and social concepts that drove the creation of this lively art form Buddhist Visual Cultures Rhetoric and Narrative in Late Burmese Wall Paintings is truly a tour de force that allows us to see Burmese temple paintings of the Life of the Buddha and similar themes as an open ended genre that like literary discourse participates in wider social intellectual and religious contexts Juliane Schober Arizona State University Alexandra Green introduces this relatively unknown material and subjects it to sophisticated analysis This study is major step towards creating a template that could be used for analyzing other late traditions of Buddhist painting Janice Leoshko University of Texas at Austin

The Oxford Handbook of American Buddhism Ann Gleig, Scott A. Mitchell, 2024 The Oxford Handbook of American Buddhism offers the most comprehensive and up to date scholarship available on Buddhism in America It charts the history and diversity of Buddhist communities including traditions and communities that have been previously neglected and looks at the ways in which Buddhist practices such as mindfulness meditation have been adopted in non Buddhist settings Religion, Religious Groups and Migration Deniz Coşan Eke, Eric M.
