How Then Shall We Guide? Jimmy Boon-Chai Tan, 2023-05-25 There has been a marked increase of interest in the art of spiritual direction in recent decades Yet in many circles especially in ecumenical and interfaith contexts it is unclear what grounds the practice of this ancient art As a tradition's practice of spiritual direction expresses its particular theology which in turn is shaped by its unique history this work explains that ecumenical spiritual direction must make and retain the tri perspective of history theology and method that faithfully reflects each tradition's distinctives as requisite for true ecumenical enrichment The importance of this trinocular vision is brought into sharp focus through a comparative study of Ignatius of Loyola and John Calvin where points of continuity and discontinuity between the Ignatian and Reformed traditions underscore the importance of this work's thesis

Jr whose integrative vision of spiritual formation clearly reflects the influences of Wesley and Merton and the evangelical and monastic traditions they represent Engaging history theology and spirituality this work offers a vital resource for understanding the roots and trajectory of Christian spiritual formation Kaleidoscope Ineda Pearl Adesanya,2019-12-17 A comprehensive resource for understanding the various components of spiritual direction Early mystics of the Near East and northern Africa created the monastic traditions and were the first psychologists exploring various practices to test the human capacity In medieval times spiritual direction was common in the Roman Catholic monastic traditions It extended significantly into Protestant Christianity in the late twentieth century by predominantly white and affluent organizations Spiritual direction has progressively become a global multi religious and interfaith practice This book is a comprehensive and concise text from a spiritual director of color offering inclusive resources and tools to spiritual directors of many faiths and for people of diverse cultures and traditions Core skills such a deep listening hospitality and discernment are presented with cutting edge lessons on internal liberation systemic trauma and imaginative discovery Spiritual direction is taught by more than 100 educational institutions and spirituality centers in the US alone but typical curriculum generally does not reflect current cultural reality and growing diversity This is a textbook for anyone who studies spiritual direction as both preparation for and deepening of their calling The Pastor's Library Robert A. Yost,2017-09-21 In the spirit of Cyril Barber's classic work from the 1970s *The Minister's Library* Robert Yost provides students and pastors with expert guidance on building a working ministerial library From Old and New Testament languages lexical aids and grammatical tools to commentaries and theologies as well as pastoral resources Yost is a trustworthy guide through the multiplicity of books that seem to just keep rolling off the presses Far more than just a guide to commentaries as are so many works today this resource is a balanced pastoral tool for pastors and students who are overwhelmed by the proliferation of literature in the fields of biblical and pastoral studies *Spiritual Formation in Local Faith Communities* Neil Pembroke,Ewan Kelly,Theo Pleizier,William S. Schmidt,Jan-Albert van den Berg,2022-03-31 Spiritual formation in our local churches is too often poorly done or it is virtually nonexistent We developed this innovative approach to spiritual formation in the congregation because it is desperately needed The prompt cards are used to spark deep reflection and shape potentially life transforming conversations with a pastor around spiritual practices spiritual character personal and social ethics and emotional well being The model was trialed in five countries We heard time and time again how the six week process fired a passion to go deeper with Christ Some reported praying regularly for the first time in decades Others found the Scriptures coming alive after years of going through the motions In this book the authors present a simple but powerful method and offer in depth theological reflection on related issues Some of the important areas covered are early church approaches to spiritual formation contemporary spiritual practices spiritual character the indissoluble link between spirituality and moral virtue the spirituality of the pastor and the positive psychology approach **Spiritual Reading** Angela Lou Harvey,2015-10-23

Reading Scripture is a spiritual practice at the very heart of the Christian faith But how is it possible to encounter God in reading the words of the Bible Does reading the Christian Bible require a different approach from how one may read other texts or writings What is required of the spiritual reader to read well Seeking to answer such questions Angela Lou Harvey provides a theological exploration of the idea of spiritual reading in the context of the Western church today Drawing upon insights of theologians such as Karl Barth Henri de Lubac and Ellen F Davis the author suggests that the particulars of Christian belief profoundly shape the distinctive practice of the spiritual reading of the Bible Being Truly Human Mark Mah,2012-10-12 Our busy exterior may be a cover up for an undernourished interior soul Modern life is so packed with things to do that we have not learned to be truly human It is difficult to nurture the spiritual life in a media saturated world filled with relentless information ongoing activities material wants worrisome uncertainties and seductive addictions Being Truly Human challenges readers to give space in their busy life for God to do the work of transformation in the inner self It takes inspiration from the Desert Fathers of the fourth and fifth centuries whose directness simplicity and concreteness to life s struggles provide a fresh perspective for modern saints Like the desert saints modern Christians are challenged to begin a spiritual odyssey in the wilderness of their soul to become their true selves To be truly human means the freedom to love in concrete acts of humility and hospitality acts which are truly lacking in our world today The practice of solitude and silence will lead us to be indifferent to the crying needs of our false selves and to give God our undivided attention which is necessary for the spiritual formation of our true selves Rediscovering the Spiritual Disciplines for Today's Ministry Leadership: A Journey of Proactive Spiritual Formation for Leaders Dr. Steve A. Maglio,2021-10-29 Military chaplains are highly trained professionals with multiple graduate degrees and varying civilian pastoral experience They enter the chaplaincy after a rigorous selection process and military courses which all must verify their calling to military ministry Throughout a chaplain s career he or she will attend many continuing education seminars civilian education graduate programs and conferences all provided by the military However chaplains are challenged with the rigorous multitasked environment of this ministry Multiple deployments into combat have negatively impacted the personal lives of those seeking to care for the souls of the soldier This book encourages the importance of spiritual resiliency in the lives of leaders both military and civilian Leaders who regularly practice spiritual disciplines will be less likely to suffer personal and professional failure or burnout Second the leader s practice of spiritual disciplines is essential to fostering positive modeling and mentoring for young chaplains and those wishing to serve Third practicing historic Christian spiritual disciplines will benefit those who strive to lead congregations and especially military installations in the free exercise of their faith The Call to Wholeness: Health as a Spiritual Journey Kenneth L. Bakken,2009-09-01 We all encounter times of physical illness as well as of emotional psychological and spiritual distress and pain We are all in need of healing in every aspect of life In this important new book a physician specializing in preventive medicine integrates learnings from both science and religion to

present a holistic approach to well being that is rooted in a new understanding of Christian principles an approach that has already proven effective in countless lives Using examples of people who have been healed Dr Bakken shows how stress fear anxiety anger guilt depression loneliness and unforgiveness contributes to disease and how spiritual growth perfect love casts out fear promotes health healing and wholeness Both practical and inspiring The Call to Wholeness is at once a convincing synthesis of several disciplines and an authentic witness to the healing power of Jesus Christ It demonstrates that God is the author renewer and sustainer of all life and the ultimate source of all healing It challenges individuals the Church and the medical establishment to expand their view of reality in the context of a Christ centered spirituality that can bring true and lasting wholeness to each and all of us
