Spiritual Law in the Natural World Frederick W. Grant, 2015-02-07 Introduction to Spiritual Law in the Natural World Scripture as a Source of Knowledge God's Twofold Witness Nature in Scripture Natural Mathematics Spiritual Mathematics Tones and Undertones The Kingdoms of Nature Animal and Human Classification Among the Creatures Life in its Lowest Circle Spiritual Law in the Natural World Emma Curtis Hopkins, 1894 Spiritual Law in the Natural World James Waller Thomas, 1894 **SPIRITUAL LAW IN THE NATURAL WORLD** FREDERICK WILLIAM. GRANT, 2018 Spiritual Law in the Natural World Frederick William Grant, 2016-12-10 Excerpt from Spiritual Law in the Natural World An Attempt to Develop According to Scripture Truth the Interpretation of Nature Lest I should be thought to misconceive Prof Drummond here a thing very possible to any And of which I would desire to remember the possibility I shall let him speak for himself and as his book is in so many hands it will be abundantly easy to verify the quotations At the very outset indeed he tells us in his preface expressly that when with him the subject matter Religion had taken on the method of the expression of Science and I discovered myself he says enunciating Spiritual Law in the exact terms of Biology and Physics that this was not simply a scientific coloring given to Religion the mere freshening of the theological air with natural facts and illustrations It was an entire re-tasting of truth My spiritual world before was a chaos of facts It was the one region still unpossessed by law I saw then why men of science distrust Theology why those who learn to look upon law as authority grow cold to it it was the great Exception About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Spiritual Law in the Natural World Frederick William Grant, *Spiritual law in the natural world* Edmund Swift (the elder.), 1890 *Spiritual Law in the Natural World* Frederick William Grant, 2018-01-27 **Spiritual Law in the Natural World** Frederick William Grant, 19?? *Spiritual Law in the Natural World* Emma Curtis Hopkins, 1915 Natural Law in the Spiritual World Henry Drummond, 2017-03-18 An indirect response to Darwin's landmark work On the Origin of Species Drummond shows that faith and science actually go more hand in hand than most of us as theologians are willing to accept By going over the facts of science Drummond is able to show how the two relate so that we can reconcile our Christian beliefs in the world that is obsessed with the Scientific Method Natural Law in the Spiritual World Henry Drummond, 2020-07-17 Reproduction of the original Natural Law in the Spiritual World by Henry Drummond *Spiritual Law in the Natural World* Emma Hopkins, 2017-11-06 Emma Curtis Hopkins 1849-1925 was known as the Teacher of Teachers of the New Thought Movement During Emma's time she ordained thousands of men and

women Emma s teachings taught you how to speak the Truth about the Real Self as it relates to God She exposed the reality of the veil of the human conditioning She gave us a gift by showing us how to tap into the power within us so that we could set ourselves free Freedom of Mind Spiritual Law In The Natural World really embraces the culmination of her teachings Let her words guide you to your own personal awakening In Introducing her 1894 book Spiritual Law in the Natural World Hopkins writes Scientific doctrine can only be established by scientific reasoning as science means philosophical knowledge or the knowledge of reasoning To convince you of the reasonableness of anything we must begin our argument at some point where we agree and reason from that to establish our own ground as right This is the way we proceed in teaching the science of Spiritual Law which is in itself pure reasoning and when understood will change the life of the world giving joy for sadness health for sickness peace for discord and truth where error has reigned

Natural Law in the Spiritual World Henry Drummond,1902 *An Examination of Mr. Henry Drummond's Work, "Natural Law in the Spiritual World."* William Woods Smyth,1883 **Spiritual Law in the Natural World, Etc** James Waller THOMAS (F.C.S.),1894 New Englander and Yale Review ,1888 *A New Vision of God for the 21st Century* Stanley A. Fry,2005-11 A New Vision of God for the 21st Century Discovering the Essential Wesley for Pastors and Other Seekers STANLEY A FRY The need for a book focused on John Wesley as a preacher has been apparent for some time However as fascinating as such an historical work would have been its value for the preaching and teaching ministries of the church in the 21st century would have been very limited The author has turned this study of Wesley s preaching into a search for the preachable and teachable essence of Wesley s message That effort has required a bit of surgery on Mr Wesley which is designed to fit his doctrine of salvation with a new vision of God and another vocabulary responsive to the spiritual sensitivities of the 21st century The result includes a critique not only of Wesley but of some of the orthodox doctrines promulgated very early in the church s history Rather than write a memoir in his retirement the author has chosen to write this homiletical essay as a testimony to his own spiritual journey It is not a method book but rather a message book The Laws of Spiritual Momentum Kevan Ferguson,2019-09-29 IT IS YOUR TIME TO GET MOVING AND STAY MOVING Activate the Laws of Spiritual Momentum This book could contain the key to your next spiritual breakthrough Minister Tevaun Brown The 28 Laws contained within this book have been time tested and proven to work in moving one from one dimension of living to another Each law contains deep wisdom nuggets designed to help you change your life Additionaly this book is designed to aid in the development process of both the seasoned and young believer Packed with practical advice and life changing truths each law is designed with you in mind If you are Desirous of going to another level of your walk with God Understanding the mechanics of spiritual growth or If are in a spiritual slum you need to get up out of Then this book was written for you You will find that with each law you will be challenged stirred and uplifted to move further into your spiritual journey *Natural Law in the Spiritual World* Henry Drummond,2019-10-11 Natural Law in the Spiritual World is a 1883 work by Scottish writer and evangelist Henry Drummond Within it Drummond

explores the connections between the world of religion and spirituality and the physical world He maintains that the ostensible dichotomy between the spiritual and the physical is in fact illusory and that faith is actually aligned with science Published only a few decades subsequent to Darwin s landmark On the Origin of Species Drummond s attempt to reconcile evolution and God constitutes one of the most significant books related to Christian faith and scientific progress Contents include Religion Analysis of Introduction Biogenesis Degeneration Growth Death Mortification Eternal Life Environment Conformity to Type Semi parasitism Parasitism Classification etc Rev Prof Henry Drummond 1851 1897 was a Scottish biologist evangelist lecturer and writer He had a considerable religious influence on his own generation and his sermon The Greatest Thing in the World is still popular within Christian circles Other notable works by this author include Natural Law in the Spiritual World 1883 Tropical Africa 1888 and The Greatest Thing in the World an Address 1890 Many vintage books such as this are becoming increasingly scarce and expensive It is with this in mind that we are republishing this volume now in an affordable modern high quality edition complete with an essay on religion by James Young Simpson
