The volume is divided into two parts. Part I gives historical overviews, complete lists, descriptions and summaries for works in film, television, radio, animation, comic books and graphic novels. This section also includes interviews with animation director René Laloux and comic book artist Moebius, as well as comments from filmmaker Luc Besson. Biographies are provided for over 200 important contributors to television and graphic arts. Part II covers the major authors and literary trends of French science fiction, fantasy and horror from the Middle Ages to the present day. French Canadians and Belgians are also examined. There is a biographical dictionary of over 3,000 authors, a section on major French awards and a complete bibliography. Many illustrations illuminate this thorough presentation.
