PETALING JAYA: Malaysian women are getting breast cancer at a younger age than women in the West. Health authorities believe that pollution, smoking, alcohol and a sedentary lifestyle are contributing to the sharp rise in such cases. Many women also succumb to the disease because they do not seek early treatment. Some women only turn up at the hospital at the last stage of their illness after trying traditional medicine.

- 2 Which of the following is **true**?
 - A Women in the West are not affected by breast cancer.
 - B Cancer is not caused by consuming traditional medicine.
 - C Malaysian women seek early treatment when they get breast cancer.

Qualitative Research Methods for Second Language Education Nugrahenny T. Zacharias, 2011-11-15 What sets Qualitative Research Methods for Second Language Education apart from existing books is its balance between theories and learning activities The activities are designed to be interactive so that they provide a chance for both students and teachers to reinforce their understanding of the research topic It is the author s belief that one learns research by conducting research rather than by talking about it Thus the activities created in the book provide opportunities for students to develop and sharpen their research skills Developing these skills will be very useful when students later conduct their own research
