*Youth and Permissive Social Change in British Music Papers, 1967-1983* Patrick Glen, 2018-12-11 This book is a work of press history that considers how the music press represented permissive social change for their youthful readership Read by millions every week the music press provided young people across the country with a guide to the sounds personalities and controversies that shaped British popular music and more broadly British culture and society By analysing music papers and oral history interviews with journalists and editors Patrick Glen examines how papers represented a lucrative entertainment industry and mass press that had to negotiate tensions between alternative sentiments and commercial prerogatives This book demonstrates as a consequence how music papers constructed political positions public identities and social mores within the context of the market As a result descriptions and experiences of social change and youth were contingent on the understandings of class gender sexuality race and locality

**Festival Management & Event Tourism**, 1993 **Festival and Event Management in Nordic Countries** Tommy D. Andersson, Donald Getz, Reidar Johan

Mykletun, 2014-06-11 This book on events related research marks a watershed in the development of a Nordic School of festival and event research Each of the chapters presents a new and interesting approach to the study of events in terms of methods perspectives or content It is mostly rooted in management theory but also incorporating other perspectives that enhance our understanding of the phenomena Implications for real world applications in tourism hospitality and community development are also at the fore The scholarship is comprehensive not focused on only tourism or economic aspects

Management theory including stakeholder management social networks and institutionalization processes is being applied Attention is being given to the multiple roles festivals and events play in society and to evaluation of their worth and impacts Innovative methods are being developed to examine event experiences innovation processes and success factors There is now a critical mass of scholars in the Nordic countries that share a strong interest in event studies and they are engaged in collaborative research making it an appealing and innovative region for other event students and researchers to visit It can be expected that the Nordic school will take an increasingly important place in the development of event studies which is now truly global in terms of scholarship and university degree programs This book was originally published as a special issue of Scandinavian Journal of Hospitality and Tourism *A Rebecca Clarke Reader* Liane Curtis, 2005 *Research Memorandum - The American Choral Foundation, Inc* American Choral Foundation, 1962 **Memo - American Choral Foundation** American Choral Foundation, 1959 **Library Partnerships with Writers and Poets** Carol Smallwood, Vera Gubnitskaia, 2017-03-07 Libraries and writers have always had a close working relationship Rapid advances in technology have not changed the nontechnical basis of that cooperation author talks book signings and readings are as popular as ever as are workshops and festivals This collection of 29 new essays from nearly 50 contributors from across the United States presents a variety of projects programs and services to help librarians establish relationships with the literary world promote literature to the public and foster creativity in their communities **Extreme Exoticism** William Anthony Sheppard, 2019 *Extreme Exoticism* explores the role of music in shaping American perceptions of the Japanese the influence of Japanese music on American composers and the place of Japanese Americans in American musical life over the past 150 years

*In the Shadow of Boone and Crockett* Ian C. Hartman, 2024-01-12

Well researched and well argued provocative and imaginative In the Shadow of Boone and Crockett examines the image of the pure Appalachian Anglo Saxons who furnished hope for the future and the less flattering image of the degenerate poverty stricken mountaineers with blood on their hands In a wide ranging exploration that reaches from Teddy Roosevelt to JFK Ian C Hartman examines the idea of Appalachian exceptionalism over time and what that has meant for the region and for America James C Klotter state historian of Kentucky and professor of history Georgetown College Extending from the southern Appalachians through the rolling hills of Kentucky and Tennessee to the Ozarks of Arkansas and Missouri the upland South emerged in American lore as the setting where Daniel Boone David Crockett and other rugged frontiersmen forged a modern nation and headed west to become the progenitors of what some viewed as a new and superior American race Others however saw this region as the breeding ground of poor debased whites the hillbillies and white trash of popular stereotypes These conflicting identities have long dominated public discourse about the region as well as fostered a deep fascination with it In this compelling study part political and part cultural history Ian C Hartman probes the late nineteenth century context from which this paradox arose and the array of personalities expressions and policies that sought to resolve it or at least make sense of it in the decades that followed He begins by investigating the writings of race theorists including

future president Theodore Roosevelt whose multivolume *The Winning of the West* 1889-96 furthered the tale of a heroic and distinctly American stock who with axe and rifle conquered a continent Hartman relates these myths to the rise of the early twentieth century eugenics movement which sought to regenerate and purify a once proud but now impoverished and degraded people through policies that included forced sterilization to weed out imbeciles Hartman goes on to showcase the surprising ways in which the contradictory identity of the upland South affected broader national debates about imperialism crime and punishment poverty and inequality and the growth and decline of the postwar welfare state Whether considering the racial implications of a 1930s Appalachian folk festival the stereotypical but often sympathetic portrayals of rural southerners in sitcoms like *The Beverly Hillbillies* and *The Andy Griffith Show* or the shifting perceptions of President Lyndon B Johnson's *War on Poverty* In the *Shadow of Boone* and *Crockett* is a consistently provocative book that invites readers to ponder a fresh set of ideas about America's race history that have shown remarkable traction for more than a century Ian C Hartman is an assistant professor of history at the University of Alaska Anchorage His articles and reviews have appeared in the *Journal of Southern History* *Cultural Studies* *Critical Methodologies* *Appalachian Journal* and *Multicultural America* A *Multimedia Encyclopedia* among other publications [Department of State News Letter](#) United States.
