Ratzan, 2009-02-19 As the changes in the traditional family accelerated toward the end of the twentieth century a great deal of attention came to focus on fathers both modern and ancient While academics and politicians alike singled out the conspicuous and growing absence of the modern father as a crucial factor affecting contemporary family and social dynamics ancient historians and classicists have rarely explored ancient father absence despite the likelihood that nearly a third of all children in the ancient Mediterranean world were fatherless before they turned fifteen The proportion of children raised by single mothers relatives step parents or others was thus at least as high in antiquity as it is today This book assesses the wide ranging impact high levels of chronic father absence had on the cultures politics and families of the ancient world

Change a Life, Change your Own Peter Ove, 2018-06-11T00:00:00Z Change a Life Change Your Own is a long overdue adult discussion about how child sponsorship a spectacularly successful fundraising tool infantilizes both donor and recipient turning good intentions into paternalism and reinforcing stereotypical Western ideas about helplessness and hopelessness in developing countries Ian Smillie author of *The Charity of Nations Freedom from Want and Diamonds* Change a Life Change Your Own For less than a dollar a day For the cost of one coffee a day With these slogans and their accompanying images of poor children some of the world's largest development organizations invite the global North to engage in one of their most prominent and successful fundraising techniques child sponsorship But as Peter Ove argues in *Change a Life Change Your Own* child sponsorship is successful not because it addresses the needs of poor children but because it helps position what it means to live ethically in an unequal and unjust world In this way child sponsorship is seen as more than an effective marketing tool it is a powerful mechanism for spreading particular ideas about the global South the global North and the relationship between the two Through sponsorship the desire to raise money secure appropriate childhoods and become better people ends up taking priority over the goal of living together well on a global scale Drawing on in depth interviews with child sponsors and sponsorship staff *Change a Life Change Your Own* explores the

contexts in which sponsorship promotional material is produced interpreted and acted upon This is not an expos on the use of sponsorship dollars or high administrative costs it is a clearly written and compelling account of how the problem of development is constructed such that child sponsorship is seen to be a rational and ethical solution
