

Closing Ceremony Speech - SGS MUN 2019

We were all here this weekend to represent our countries, push ourselves in debate, and pass good resolutions. But although our success in these things is important to us, I would like to take a few minutes to talk about, not success, but failure.

Having participated in our discussions, we should remember that there is no such thing as an overnight success; it's a fallacy, a myth pedalled in a world where someone may be virally catapulted to fame as an internet phenomenon in a matter of 24 hours. What I would like us to dwell on as this weekend is drawing to a close, is the work, the process that takes us towards success, towards our goals. That process sometimes includes failure. Not winning an award, but focusing on learning and improving.

There was once a lady in a market place, she saw Picasso and asked him for a self-portrait. He agreed...and drew a perfect picture in 30 seconds. He then handed it back to her and asked for \$30,000. She questioned how it could cost that much when it only took him 30 seconds. He replied, "It took me 30 years to be able draw that in 30 seconds".

It's amazing how - so often - the time taken to achieve success is forgotten; how frequently we forget what lies beyond the tip of the iceberg, the shadowy section underneath the water. But that part, the part we don't see, the part full of failure, learning and progress, is absolutely what makes success possible. If we have experienced that success today, it is because we have invested time, valued experience and learned from our mistakes and failures.

When you look at the definition of failure in the dictionary, it is defined by three words: lack of success. If we fear failure and imperfection, it ultimately means that we don't value growth and learning, it means we don't value experience and struggle, and our obsession with winning means that we're actually letting go of what we could be learning at every single point. So I hope that this weekend you have been brave and courageous in your discussions, have not be afraid to express your views. To those of you who did not win awards today, keep trying. There are always more conferences to get involved in. Learn from your mistakes, whether it is improving your public speaking skills, spending more time researching issues or gaining confidence in the committee room. Being open to improvement is important.

This book examines Australia's sporting relationships with the Asian region during the interwar period. Until now, Australia's sporting relationships with the Asian region have been neglected by scholars of Australian and Asian sports history and the broader field of Australia's Asian context. Concentrating on the period of the 1920s and 1930s when sporting relationships between Australia and a number of Asian nations emerged in a variety of sports, this book demonstrates the depth of these previously under-examined connections. The book challenges and complicates the broader historiography of Australia's Asian context, a historiography that has been strongly influenced by the White Australia Policy and the Pacific War. Why, for example, did white Australia so warmly welcome visiting Japanese sportsmen at a time when the Pacific region appeared to be inexorably sliding into a war that was informed by racial antagonisms? This book examines sporting relations between Australia and seven Asian countries: China, Japan, India, Netherlands, East Indies, Philippines, Malaya, and Singapore, and a range of sports including rugby, football, swimming, hockey, boxing, cricket, and tennis. This book was published as a special issue of *Sport in Society*. *Daily Graphic* Ransford Tetteh, 2010-01-21. **Professional Sports Antitrust Bill - 1964** United States. Congress. Senate. Three people living in Tel Aviv, Haifa, and Jerusalem embark on distinct journeys that converge at the file: their efforts to admit Palestine to the Olympics in the early twentieth century. Their pivotal roles in history have been purposely omitted from official record, kept secret or forgotten. Why? Because of the Nazi Olympics in 1936 in Berlin. And because of the death in 1972 of eleven Israeli Olympic athletes in the Munich Massacre. This book narrates the previously untold history of a Palestine Olympic Committee recognized before the creation of the State of Israel in 1948. It sheds light on some of the darkest events in sport history, exposing secretive relationships behind the doors of the Jerusalem YMCA. Nazi agitation, arrests, internments, and other intrigue in the complicated history of Israeli and Palestinian sport. The File breaks new ground at the intersection of sport and politics, illuminating the hope, tension, and horror of the 20s, 30s, and 40s: the creation of the State of Israel and the Palestinian refugees and the resulting guerrilla attack at the Olympics in Munich in 1972, and reveals a handful of heroes whose impact on athletes and international sport competitions is still felt today.

Consultant and researcher San Charles Haddad weaves a true and masterful tale of forgotten personalities in a conflict characterized by unabated venom bringing hope and new questions in his wake What will be the future of Israel and Palestine and how might sport play a restorative role in the twenty first century
