**Kathleen M. Armour, Robyn Jones, Paul
Potrac**

Sport Coaching Pst312m:

Sport Coaching Research and Practice Julian North, 2017-07-14 Research shapes our understanding of practice in powerful and important ways in sports coaching as in any other discipline This innovative study explores the philosophical foundations of sport coaching research examining the often implicit links between research process and practice descriptions and prescriptions Arguing that the assumptions of traditional single disciplinary accounts such as those based in psychology or sociology risk over simplifying our understanding of coaching this book presents an alternative framework for sports coaching research based on critical realism The result is an embedded relational and emergent conception of coaching practice that opens new ways of thinking about coaching knowledge Drawing on new empirical case study research it demonstrates vividly how a critical realist informed approach can provide a more realistic and accountable knowledge to coaching stakeholders This knowledge promises to have important implications for coaching and coach education and development practices **Sport Coaching Research and Practice Ontology Interdisciplinarity and Critical Realism** is fascinating reading for any student or researcher working in sports coaching sport pedagogy physical education the philosophy or sociology of sport or research methodology in sport and exercise **Foundations of Sports Coaching** Paul E.

Robinson, 2010-02-25 Athletes and sports people at all levels rely on their coaches for advice guidance and support **Foundations of Sports Coaching** is a comprehensive introduction to the practical vocational and scientific principles that underpin the sports coaching process It provides the student of sports coaching with all the skills knowledge and scientific background they will need to prepare athletes and sports people technically tactically physically and mentally With practical coaching tips techniques and tactics highlighted throughout the book covers all the key components of a foundation course in sports coaching including the development of sports coaching as a profession coaching styles and technique planning and management basic principles of anatomy physiology biomechanics and psychology fundamentals of training and fitness performance analysis reflective practice in coaching Including international case studies throughout and examples from top level sport in every chapter **Foundations of Sports Coaching** helps to bridge the gap between coaching theory and practice This book is essential reading for all students of sports coaching and for any practising sports coach looking to develop and extend their coaching expertise **Practical Sports Coaching** Christine Nash, 2014-11-24 **Practical Sports Coaching** is a

thorough and engaging guide for all sports coaching students and practitioners Drawing on real life case studies and examples the book is designed to develop practical coaching skills and provides readers with the methods and tools they need to become an expert coach Structured around all facets of the coaching process the text comprehensively covers topics such as preparation for coaching mentoring the philosophy of coaching direct intervention coaching methods the use of modern technology The book's practical approach allows the reader to consider common challenges faced by coaches suggesting solutions to performance concerns and preparing students for the realities of professional sports coaching A

companion website containing presentation slides and useful weblinks makes the book a complete resource for students and lecturers alike Practical Sports Coaching helps to bridge the gap between theory and practical coaching skills and is an essential text for coaching students looking to deepen their understanding of sports coaching and experienced coaches developing their own practical skills

An Introduction to Sports Coaching Robyn L. Jones, Kieran Kingston, 2013-03-05

An Introduction to Sports Coaching provides students with an accessible and engaging guide to the scientific social scientific medical and pedagogical theory that underlies the practice of quality sports coaching Now in a fully updated and revised second edition it introduces students to the complex messy multi faceted nature of coaching and explores the full range of knowledges which inform all successful coaching practice Written by a team of leading international sports coaching academics and practitioners as well as sport scientists and social scientists the book provides a concise guide to every key theme in sports coaching including Reflective practice Pedagogy Skill acquisition Psychology Biomechanics Physiology Sport medicine and injury Performance analysis Sociology History Philosophy Sport development Each chapter makes a clear link between theory and practice and includes discussion of real life coaching scenarios and insights from practising international and club coaches The book includes clear definitions of important themes and concepts as well as seminar and review questions in each chapter designed to confirm understanding and encourage further enquiry No other introductory textbook explains the importance of an holistic approach to sports coaching practice This is an essential companion to any sports coaching course

Sports Coaching John Lyle, Chris Cushion, 2010-06-29

Sports Coaching Professionalisation and Practice is a comprehensive evidence based textbook of sports coaching theory and practice The book is edited by leading academics in sports coaching studies and authored by a world renowned team of experts in sports coaching research It deals with all aspects of coaching behaviour and practice including coaches decision making coaching pedagogy and the development of expertise Each of the chapters provides an up to date position statement on coaching themes and makes explicit reference to the professionalisation of coaching Written in an accessible style and identifying critical ideas and issues the book will complement and challenge both undergraduate and postgraduate teaching programmes and will be an invaluable source of ideas for researchers and academics Multicontributed chapters follow uniform structure to increase clarity and accessibility of text Snapshots of critical ideas and issues presented as models or diagrams to facilitate students understanding Case examples and scenarios illustrate key concepts in each chapter Latest research and current literature summarised for each thematic topic

Professional Advances in Sports Coaching Richard Thelwell, Matt Dicks, 2018-12-07

Despite the rapid advance of the academic study of coaching science there is a dearth of evidence on contemporary progressions within the coaching profession itself particularly around the wide ranging challenges that coaches face Professional Advances in Sports Coaching constitutes an essential collection of the most innovative up to date reviews and research on professional issues in sports coaching and coaching psychology Seeking to assess and challenge contemporary conceptual and theoretical research

around the evolving nature of the coach's role issues associated with athlete and coach welfare and societal demands of the coach the book covers topics as diverse as gender and spirituality within sports coaching working in culturally diverse environments and disability sport understanding hazing mental health issues and disordered eating in athletes moral behaviour and safeguarding high performance coaching and talent development communicating with athletes in the age of social media and managing cliques Written by leading experts from around the world every chapter clarifies and defines key concepts gives an up to date and comprehensive review of literature within the area and examines the implications for future research and applied practice This is a critical resource for any upper level student enrolled in sports coaching science or practice classes sports coaching academics with an interest in professional practice and practicing sports coaches

Adventure Sports Coaching Matt Berry, Chris Hodgson, 2015-03-24 Coaching adventure sports is part of the core work of many adventure educators but has been largely neglected in the adventure studies literature This is the first book to link contemporary sports coaching science with adventure sports practice It examines the unique set of challenges faced by adventure sports coaches such as the dynamic natural environment and the requirement to train athletes to levels of high performance outside of traditional structures of competition and explores both key theory and best practice The book covers key topics such as Skill acquisition and skill development Models of learning and teaching Performance analysis Tactics and decision making Training principles Mental skills techniques Goal setting and progression Risk management Each chapter contains applied examples from a range of adventure sports including mountaineering rock climbing canoeing kayaking surfing and winter sport as well as practical coaching techniques and a guide to further reading Written by a team of authors with wide experience of coaching teaching researching and high performance participation in adventure sports this book is invaluable reading for any student or practitioner with an interest in adventure outdoor education sports coaching or lifestyle sport

Sport Coaching Concepts John Lyle, Chris Cushion, 2016-11-10 Coaching is a vital factor for success in sport at all levels Sport Coaching Concepts offers a comprehensive introduction to the theoretical issues that underpin sport coaching practice Now in a fully revised and updated new edition it explains why a conceptual approach to sport coaching is more important than ever before using practice orientated analysis to help students develop a full understanding of coaching theory and technique Drawing on more than a decade's worth of research the book reflects upon the profound changes that have transformed coach education and development It covers all the key topics of the sport coaching curriculum and includes six new chapters on the evolution of coaching theory coaching expertise decision making social perspectives on the coach athlete relationship social inclusion and principles of coach development Each chapter contains a full range of pedagogical features to aid learning including discussion questions practical projects guides to further reading case studies and insights from practising coaches Sport Coaching Concepts is essential reading for all students of sport coaching and any serious coaches looking to develop their own coaching practice

Sports Coaching Ed Cope, Mark Partington, 2019-11-20 The

application of the theoretical underpinnings of coaching to practice is a central concern in sport. How should academic research seek to inform applied practice and how should practising coaches integrate research into their professional activities? *Sports Coaching: A Theoretical and Practical Guide* is the first book to truly integrate academic research on sports coaching with an assessment of and recommendations for applied practice. With every chapter written by a coaching researcher and a practising coach, the book clearly and concisely introduces the academic evidence base and discusses how and why theory should be integrated into practice. Made up of sections on coaching practice, coach education and development, the use of sport science support and coaching special populations, the book constitutes a comprehensive guide to the theory and practice of sports coaching. Chapters are clearly and consistently structured, allowing students and coaches opportunity to gain a firm understanding of the core theoretical principles of sports coaching and the ways in which they can guide practice. The book is a vital resource for any sports coaching student, researcher or practitioner to develop their evidence-informed practice.

What is Sports Coaching? Andy Miles, 2003

National Standards for Sport Coaches: Quality Coaches, Quality Sports Lori Gano-Overway, Melissa Thompson, Pete Van Mullem, 2020-09-15

The third edition of the *National Standards for Sport Coaches* outlines the standards for quality sport coaching based on the latest research and practical work in coaching science and the varied fields of exercise science. This useful resource outlines the standards which highlight the core responsibilities coaches should possess along with supporting competencies that provide insight into the knowledge and skills needed to support a quality amateur sport experience for athletes. Coaches, sport administrators and coach educators and developers who are informed about core coaching responsibilities and competencies can improve the preparation, training and evaluation of sport coaching. Ultimately, the *National Standards for Sport Coaches* should assist in improving the sport experiences for all athletes and will elevate the profession of coaching.

An Introduction to Sports Coaching Mike Hughes, Kieran Kingston, 2007

An Introduction to Sports Coaching provides students with an accessible guide to the scientific, medical, educational and social science theory that underlies the practice of quality sports coaching. Throughout the text, the theory is illustrated in practice with the use of real-life coaching scenarios designed to show how athletes can benefit when their coach has a broader theoretical appreciation of sport. *An Introduction to Sports Coaching* is edited by a team of senior sports coaching academics, all of whom are also experienced sports coaches. The text contains insights from practising international and club coaches, clear definitions of important themes and key concepts relating to the sports science knowledge which underpins coaching, seminar and self-test questions to help confirm your understanding. *An Introduction to Sports Coaching* offers an ideal support text for today's student of sports coaching.

Sports Coaching Cultures Kathleen M. Armour, Robyn Jones, Paul Potrac, 2004-07-31

The art of coaching is recognising the situation, recognising the people and responding to the people you are working with; that's the big thing to handle people. Steve Harrison, Coach Middlesbrough Football Club.

Responding to the fast-growing subject in academic sports departments, this

groundbreaking new coaching studies text offers a view that focuses the coach as a person and the coaching practice as a complex social encounter Unlike existing titles in the field which look at coaching as a science this book examines the personalities histories relationships and individual styles of eight coaches at the top of their profession One to one interviews with some of the best known and respected elite sports coaches include Steve Harrison Hope Powell and Graham Taylor from football Ian McGeechan and Bob Dwyer from rugby Di Bass from swimming Lois Muir from netball and Peter Stanley from athletics and form the basis for subsequent exploration of four key themes in sports coaching coaching pedagogy the coach s role the coach s interaction with athletes the coach s power This text will be of significant interest to students of coaching science and sports science and will appeal to the considerable body of amateur sports coaches with an interest in the styles of those at the top

Sports Coaching Concepts John Lyle,2002 Coaching is a central feature of sport at all levels This groundbreaking new text is the first to offer a comprehensive introduction to the conceptual issues that underpin sports coaching practice and to provide a complete conceptual framework for understanding sports coaching The analysis presented within the book is practice orientated exploring the language of the coaching process in order to define the role of the coach and to better understand the relationship between the coach and the sports performer Sports Coaching Concepts introduces the key issues behind every

Studies in Sports Coaching Robyn L. Jones,2019-08-29 This book highlights the gritty reality of sports coaching inclusive of its messy contested humorous self actualising nature The text initially offers a critical deconstruction of coaching as a socio pedagogic endeavour before presenting a subsequent reconstruction of how it can be done better In being the first to provide a distinct theorisation of sports coaching this ground breaking book clears some of some of the conceptual fog that remains around the activity and claims back for coaching some of the definitional rights conceded to other disciplines

Coaching for Human Development and Performance in Sports Rui Resende,A. Rui Gomes,2021-03-18 This book addresses important topics of coaching in order to better understand what sports coaching is and the challenges that arise when assuming this activity It provides the reader with useful insights to the field of sports coaching and discusses topics such as coaching education areas of intervention and main challenges With contributions by experts and well known authors in the field this volume presents an up to date picture of the scholarship in the coaching field It introduces key aspects on the future of the science of coaching and provides coach educators researchers faculty and students with new perspectives on topics within the field to help improve their coaching effectiveness

Sports Coaching: The Basics Laura Purdy,2017-10-12 Sports Coaching The Basics is an engaging and provocative introduction to sports coaching which combines coaches views and experiences of their work with discussions and topical issues that feature in this fast growing field In doing so coaches are placed at the centre of the discussions relating to philosophical historical sociological psychological and pedagogical interpretations of contemporary practice Consequently the book prompts questions such as What is coaching What does it mean to be a coach How do coaches influence athletes players How do

coaches learn What is it like to be a coach In considering these questions readers are encouraged to reflect upon their experiences of coaching and to start conversations with others about coaches work Therefore the book is of use for coaches those interested in studying sports coaching and coach educators or facilitators of coach learning initiatives *Sport Coaching with Diverse Populations* James Wallis, John Lambert, 2020-10-25 Sports coaches apply their skills in a wider variety of contexts and with a more diverse range of athletes and participants than ever before This book introduces the professional competencies and knowledge needed to build successful working relationships across the different communities and groups with which coaches operate The book offers important insight for coaches who work with specific populations including different age groups black Asian and minority ethnic BAME people those of different gender or sexual orientation individuals with disabilities or illness the socio economically disadvantaged and refugees Drawing on real world case studies such as coaching girls in combat sports and coaching cardiac rehab patients and adopting a critical approach to values philosophy and pedagogic process this book argues that understanding the recipient of coaching and their particular needs is as important as content knowledge With contributions from leading coaching researchers and practitioners this is important reading for developing coaches students on sports courses and other individuals involved in the sport pedagogy domain who seek to gain a better understanding of the demands of meeting the specific needs of people in the coaching process

Exploring Research in Sports Coaching and Pedagogy Charles L. T. Corsby, Christian N. Edwards, 2019-05 This volume of abstracts provides an insight into the contested nature of sports coaching Detailed yet concise this compilation of work recognises the importance of context and the socio historical learning environments that coaches operate within The text draws upon the work of a range of scholars varying from doctoral students to leading international scholars to provide a critical snapshot of the current literature in sport coaching pedagogy In doing so this book outlines the challenges and potential developments of sports coaching as a discipline The gathering of such work provides an insight to a variety of research projects proposals and findings varying from professional football and rugby union academies to community coaching and martial arts This is the first book to present such an array of research projects in this format and as such is essential reading for any serious students of sports coaching sport pedagogy and for practitioners looking to engage in the study of sports coaching

The Ethics of Sports Coaching Alun R Hardman, Carwyn Jones, 2010-12-02 Is the role of the sports coach simply to improve sporting performance What are the key ethical issues in sports coaching practice Despite the increasing sophistication of our understanding of the player sport coach relationship the dominant perspective of the sports coach is still an instrumental one focused almost exclusively on performance achievement and competitive success In this ground breaking new book leading sport scholars challenge that view arguing that the coaching process is an inherently moral one with an inescapably ethical dimension involving intense relationships between players and coaches *The Ethics of Sports Coaching* critically examines this moral aspect develops a powerful idea of what sports coaching ought to be and

argues strongly that coaches must be aware of the ethical implications of their acts The book is structured around four central themes the nature of coaching the character of the coach coaching specific populations and specific coaching contexts It explores in detail many of the key ethical issues in contemporary sports coaching including coaching special populations the ethics of talent identification understanding the limits of performance enhancement coaching dangerous sports expatriate coaching setting professional standards in sports coaching Combining powerful theoretical positions with clear insights into the everyday realities of sports coaching practice this is an agenda setting book It is essential reading for all students researchers and practitioners with an interest in sports coaching or the ethics and philosophy of sport
