Watermelons, Nooses, and Straight Razors David Pilgrim,2017-12-30 All groups tell stories but some groups have the power to impose their stories on others to label others stigmatize others paint others as undesirables and to have these stories presented as scientific fact God s will or wholesome entertainment *Watermelons Nooses and Straight Razors* examines the origins and significance of several longstanding antiblack stories and the caricatures and stereotypes that support them Here readers will find representations of the lazy childlike Sambo the watermelon obsessed pickaninny the buffoonish minstrel the subhuman savage the loyal and contented mammy and Tom and the menacing razor toting coon and brute Malcolm X and James Baldwin both refused to eat watermelon in front of white people They were aware of the jokes and other stories about African Americans stealing watermelons fighting over watermelons even being transformed into watermelons Did racial stories influence the actions of white fraternities and sororities who dressed in blackface and mocked

black culture or employees who hung nooses in their workplaces What stories did the people who refer to Serena Williams and other dark skinned athletes as apes or baboons hear Is it possible that a white South Carolina police officer who shot a fleeing black man had never heard stories about scary black men with straight razors or other weapons Antiracist stories still matter Watermelons Nooses and Straight Razors uses images from the Jim Crow Museum the nation's largest publicly accessible collection of racist objects These images are evidence of the social injustice that Martin Luther King Jr referred to as a boil that can never be cured so long as it is covered up but must be exposed to the light of human conscience and the air of national opinion before it can be cured Each chapter concludes with a story from the author's journey challenging the integrity of racial narratives
