Ntobi, 2016-04-28 In this book I have attempted to trace as clearly and briefly as I can the nature of the capitalist and imperialist systems and the rising world class struggles against it a bitter life and death conflicts which are now only in their middle phase Much in this book of course has been said before and has been happening and it will be said again and again in many different ways by many different people before this enormous conflict is finally resolved The whole purpose of revolutionary violence is to destroy at its very roots the institutionalized system of greed which is also the institutionalized system of violence Today with the phoney cry of law and order the rulers of the imperialist nations attempt to throw the onus of violence on those who are

protesting the system under which they live But the onus is not on them for violence is the near monopoly of the state apparatus Writing this book primarily has been a very important experience for me *Florida's Dark Chapters* Michael G. Florida Made: The 25 Most Important Figures Who Shaped the State George S. LeMieux & Laura E. Mize, 2018 Florida is in many ways both the oldest and newest of the megastates Once an insect ridden swampland it is now a top destination for tourism business agriculture and innovation The ideas and actions of a colorful cast of characters from beloved cultural icons to political heroes and even a socialist dictator transformed the peninsula A Barbados native rescued Florida's orange industry after the catastrophic 1835 freeze Known as the Grande Dame of the Everglades Marjory Stoneman Douglas worked tirelessly to save the state's vast incomparable wetlands from annihilation in the early twentieth century In the mid 1800s a Florida doctor developed a precursor to modern air conditioning Join former U S senator George LeMieux and journalist Laura Mize as they profile and rank according to impact the twenty five trailblazers who have changed the state forever Journalism's Martyrs Andrew Weeks, 2022-04-12 Journalists have often put themselves in danger to convey crucial information to the public Many journalists have even died doing their jobs investigating crimes or traveling to battle zones and sometimes documenting events in their own communities Recently reporters have been assaulted mocked and silenced their reports dubbed fake news and them enemies of the people A free press is one of the country's most reliable foundations for ensuring a democracy for current and future generations With a focus on American journalism this book tackles issues affecting today's news through profiling journalists killed on the job whether from violent conspiracy terrorism or mass shootings God in Captivity Tanya Erzen, 2017-03-07 An eye opening account of how and why evangelical Christian ministries are flourishing in prisons across the United States It is by now well known that the United States incarceration rate is the highest in the world What is not broadly understood is how cash strapped and overcrowded state and federal prisons are increasingly relying on religious organizations to provide educational and mental health services and to help maintain order And these religious organizations are overwhelmingly run by nondenominational Protestant Christians who see prisoners as captive audiences Some twenty thousand of these Evangelical Christian volunteers now run educational programs in over three hundred US prisons jails and detention centers Prison seminary programs are flourishing in states as diverse as Texas and Tennessee California and Illinois and almost half of the federal prisons operate or are developing faith

based residential programs Tanya Erzen gained inside access to many of these programs spending time with prisoners wardens and members of faith based ministries in six states at both male and female penitentiaries to better understand both the nature of these ministries and their effects What she discovered raises questions about how these ministries and the people who live in prison grapple with the meaning of punishment and redemption as well as what legal and ethical issues emerge when conservative Christians are the main and sometimes only outside forces in a prison system that no longer offers even the pretense of rehabilitation Yet Erzen also shows how prison ministries make undeniably positive impacts on the lives of many prisoners men and women who have no hope of ever leaving prison can achieve personal growth a sense of community and a degree of liberation within the confines of their cells With both empathy and a critical eye *God in Captivity* grapples with the questions of how faith based programs serve the punitive regime of the prison becoming a method of control behind bars even as prisoners use them as a lifeline for self transformation and dignity

Fish, Justice, and Society Carmen Cusack, 2018-07-10 *Fish Justice and Society* is an in depth look into the fishing industry fish and aquatic environments This book delves past the facade of what may be known by the average fisherman bringing to the surface new information about numerous species and aquatic habitats It is the most comprehensive book on the subject of fish law and human behavior It is a standalone work but complements Cusack's *Fish in the Bible* 2017 It is a treatise on the subject of animal law while also serving the common fisherman information on compliance issues

Mar-a-Lago Laurence Leamer, 2024-03-26 Where Trump Learned to Rule To know Donald J Trump it is best to start in his natural habitat Palm Beach Florida It is here he learned the techniques that took him all the way to the White House Painstakingly over decades he has created a world in this exclusive tropical enclave and favorite haunt of billionaires where he is not just president but a king The vehicle for his triumph is Mar A Lago one of the greatest mansions ever built in the United States The inside story of how he became King of Palm Beach and how Palm Beach continues to be his spiritual home even as president is rollicking troubling and told with unrivaled access and understanding by Laurence Leamer In *Mar A Lago* the reader will learn How Donald Trump bought a property now valued by some at as much as 500 000 000 for less than three thousand dollars of his own money Why Trump was blackballed by the WASP grandees of the island and how he got his revenge How Trump joined forces with the *National Enquirer* which was headquartered nearby and engineered his own divorce How by turning Mar A Lago into a private club Trump was the unlikely man to integrate Palm Beach's restricted country club scene and what his real motives were What transpires behind the gates of today's Mar A Lago during the season when President Trump and assorted D C power players fly down each weekend In addition to copious interviews and reporting from inside Mar A Lago Laurence Leamer brings an acute and unparalleled understanding of the

society of Palm Beach where he has lived for twenty five years He has written an essential book for understanding Donald Trump s inner character **Donald Trump** K.C. Blumm,2020-08-18 He s larger than life controversial a dealmaker and a brawler a hero villain and star Everybody has a different opinion of Donald Trump but one thing can t be denied He s one of a kind and the 45th President of the United States This commemorative book explores the gold plated world of the man who defied all the experts and every day keeps the world on its toes Starting with his childhood with a stern father to his conquest of the Manhattan real estate and social worlds to his success as an author and reality star to finally Pennsylvania Avenue and all the ambitions still unfulfilled Along the way the reader gets to know the personal side of this most public figure including the glamorous wives and his most trusted advisors his devoted children as this book unlocks the secret to how the ultimate outsider won the hearts of so many *Palm* Fred Gray,2018-06-15 The extraordinary palm diverse and prolific symbolic and often sacred essential and exotic and at times erotic exploited and controversial The signature greenery of the tropics and subtropics these record breaking plants produce the world s biggest and heaviest seed the longest leaf and the longest stem In the superbly illustrated similarly extraordinary Palm Fred Gray portrays the immense cultural and historical significance of these iconic and controversial plants unfurling a tale as long and beguiling as their bladed fronds As Gray shows palms sustained rainforest communities for thousands of years contributing to the development of ancient civilizations across the globe But as palms gained mystical and religious significance they also became a plant of abstractions and fantasies a contradictory symbol of leisure and luxury of escaping civilization and getting closer to nature and at times to danger and devastation In the era of industry and empire the palm and its myriad meanings were exported to far colder climes Palms were shown off as exceptional performers in iconic greenhouses and used to clothe romanticize and glamorize an astonishing diversity of new places far from their natural homelands And today as millions of people worldwide consume palm oil daily the plant remains embedded in consumer society and mired in environmental controversy *Ethics at the Center* Elliot N. Dorff,2024-03 *Ethics at the Center* culls the best of Rabbi Elliot N Dorff s pioneering thinking in Jewish ethics over nearly five decades Dorff shows that our response to moral issues depends ultimately on our conceptions of the nature of human beings and God how Jewish law theology prayer history and community should also define and motivate Jewish responses to moral issues and how the honorable and divergent stances of Western philosophy and other religions about moral living shed light on Judaism s distinctive standpoints From there Dorff applies Judaism s ethics to real life abortion post Roe v Wade sexual orientation and human dignity avoiding harm in communication playing violent or defamatory video games modern war ethics handling donations of ill gotten gain after the fact In conclusion he explores how Jewish family and community holidays and rituals theology study and law have moral import as well Dorff s personal introduction to each chapter reflects on why and when he wrote its contents its continuing relevance and if and if so how he would now change what he wrote earlier Readers will experience not only his evolving ethical thought but many facets of the person and the Jew that Dorff is today
