Getting to the Core of English Language Arts, Grades 6-12 Vicky Giouroukakis, Maureen Connolly, 2012-04-19 Presents lesson plans, classroom activities, and worksheets for teachers of English Language Arts to help them meet the Common Core State Standards in their English curriculum. *Refusals and Reflections*, 2024-11-04 Though qualitative research methods shape scholarship around the globe and institutions worldwide offer qualitative coursework, there is very little explicit discussion on how to effectively teach qualitative research. Instead, a standard approach is for instructors to gain in-depth expertise in qualitative methodologies with little or no pedagogical training. The effect is a continuous and nearly exclusive emphasis on content knowledge that undermines the preparation of novice researchers as both teachers and learners. This book works to fill that gap by offering perspectives, strategies, and applications from instructor and student perspectives based on a semester-long class emphasizing social justice in qualitative research. This edited volume offers sections on pedagogical strategies, students' responses to, and applications of those concepts, and then instructor reflections. The goal is to offer an important starting point for explicit discussions on how qualitative research might be taught and learned in addition to how it might be thoughtfully and ethically conducted. Contributors are Erica T. Campbell, Sun Young Gu, Kelsey H. Guy, Aimee J. Hackney, April M. Jones, Alison N. Kearley, Caran Kennedy, Amon Neely, Cowan Allyson Pitzel, Diana Quito, Erin E. Rich, Stephanie Anne Shelton, Ashley Salter, Virgin, and Venus Treva, Watson. Research in Education, 1972. Resources in Education, 2000-04. **Common Core Curriculum Maps in English Language Arts** Great Minds, 2011-10-13 The first books to present specific guidance for teaching the Common Core State Standards. Forty-three states plus D.C. and the U.S. Virgin Islands have signed on to adopt the Common Core State Standards (CCSS). The need for curriculum guides to assist teachers in helping students meet these standards has become imperative. Created by teachers for teachers, the research-based curriculum maps in this book present a comprehensive, coherent sequence of thematic units for teaching the skills outlined in the CCSS for English language arts in Grades 6-8. Each grade is broken down into six units that include focus standards, suggested works, sample activities, and assessments, lesson plans, etc. Teachers can use the maps to plan their year and craft their own more detailed lesson plans. The maps address every standard in the CCSS yet are flexible and adaptable to accommodate diverse teaching styles. Any teacher, school, or district that chooses to follow the Common Core maps can be confident that they are adhering to the standards. **Fast Ideas for Busy Teachers: Language Arts, Grade 1** McFadden, 2009-01-04 Add extra literacy to everyday teaching.
