Guerrilla Marketing to Heal the World Jay Conrad Levinson, Shel Horowitz, 2016-03-15 Levinson and Horowitz show the dramatic potential for profit in not just being a green company but in addressing the huge social problems that have stumped humankind for millennia Instead of waiting centuries for government to get it done business can grab the reins and accomplish more through the profit motive than through any amount of guilt tripping Green practices can save and make money and deep social change can skyrocket those revenues when marketed

correctly Leading with Noble Purpose Lisa Earle McLeod, 2016-02-23 Profit doesn't drive purpose Purpose drives profit We made some incorrect assumptions about work and those assumptions are killing us We allowed a narrative that is solely about earnings to replace what we know to be true about human motivation Human beings are hardwired to seek purpose but according to data most people don't feel a sense of purpose in their work Work has become a grind an endless series of tasks that lack meaning Building upon her bestseller *Selling with Noble Purpose* leadership expert Lisa Earle McLeod tackles the employee engagement crisis by showing leaders how to put workplace meaning front and center McLeod whose clients include organizations like Google Hootsuite and Roche asserts that many organizations are unconsciously squandering their greatest asset their people's passion By putting profit before purpose organizations eroded the very thing that makes a business great The narrative of profit earnings and bonuses was supposed to improve employee performance but it had the opposite effect It stripped the joy and meaning from work in ways that have a chilling effect on morale performance and ultimately profit In this new book McLeod shows leaders how to Win the hearts and minds of employees clients and stakeholders through a Noble Sales Purpose Reframe your approach to metrics so that they accelerate performance Create a tribe of True Believers who drive revenue and do honorable work People want to make money and make a difference *Leading with Noble Purpose* shows leaders how to do both

5 Habits to Lead from Your Heart Johnny Covey, 2016-06-15 In *5 Habits to Lead from Your Heart* author and coach Johnny Covey presents a powerful new way to change how we perceive experiences how we make decisions and how we interpret events Often we filter experiences through a lens that does not include our hearts Harmful habits can form when we act out of fear or self preservation our head instead of using our heart But habits can be changed Johnny illustrates how to understand better our human nature and unleash its potential to lead from your heart live courageously and create the life you want So many times we are in a reactive mode not thinking about what we are doing Have we ever stopped and asked What is holding me back Why don't I have relationships that I want Why am I stuck in my head worried about what others think of me How can I free myself from ruts and routines How might I choose to live courageously in my heart How can I consciously create the life I am meant to live Johnny helps us understand the genesis of our results our mind and our own system of checks and balances our conscience By combining what we currently know with Covey's 5 Habits we will have everything we need to elevate our thinking take the next step and succeed *5 Habits to Lead from Your Heart* is a rare wake up call in our search for meaning Greg Link Co author of *Smart Trust* Co founder CoveyLink Another winner in the Covey tradition Doug Conant former CEO Campbell Soup and Chairman Avon Products If you want a book that is bone honest practical personal and profound this is it Scott C Hammond author of *Lessons of the Lost Finding Hope and Resilience in Work Life* This is an extraordinary book Journey from doing to being from planning to achieving and from success to significance Dr Nido Qubein President High Point University Chairman Great Harvest Company **Employee Ambassadorship** Michael W. Lowenstein, 2017-04-04 There have been a number of

professional and academic studies in multiple industries linking employee attitudes and behaviors with the value customers perceive in their experiences Through targeted research and resultant training communication process and reward and recognition programs what we define as ambassadorship formalizes the direction in which employee engagement has been trending toward for years Simply the trend is optimizing employee commitment to the organization and its goals to the company s unique value proposition and to the customer This is employee ambassadorship a state beyond satisfaction and engagement where all employees are focused on and tasked with delivering customer value as part of their job description irrespective of location function or level There is growing general agreement that both developing employee ambassadors and customer advocates should receive high priority and emphasis if an enterprise is going to be successful What building ambassadorship does mandate however is that having employees focus on the customer will definitely drive more positive experiences and stronger loyalty behavior for both stakeholder groups Because antecedent approaches to employee engagement through research and application are principally about productivity and alignment and offer an organization only modest insight about level or degree of customer centricity more connection between employee behavior and customer behavior builds focus effectiveness and profitability That is what the content scope of Employee Ambassadorship will help provide
