Ronald Becker, 2009 Criminal Investigation Third Edition takes an integrated approach to the investigation process This introductory text explores how contributors to criminal investigation and its resulting prosecution are more effective when they understand and appreciate their role on the team what role other team members play and how it all comes together Readers will learn how investigations are connected to a team that is much larger than those charged with the investigations of a crime The end result is a solid foundation in criminal investigation Underwater Forensic Investigation Ronald F.

Becker, 2013-05-23 The evidence discovered at underwater crime scenes must be handled with the same attention to proper chain of custody procedures as with any other type of investigation Improper handling of these scenes can lead to evidence being lost unrecognizable destroyed contaminated or rendered inadmissible at the time of trial Updated and expanded Und

Water-Related Death Investigation Kevin L. Erskine, Erica J. Armstrong, 2010-10-25 All too often police called to the scene of a water related death may consider it an accidental drowning before they even arrive But the investigation of these types of deaths requires the same careful and thorough documentation as in other potentially non natural deaths and these efforts must be carried through all stages of investigation Water Criminal Investigation Aric W. Dutelle, Ronald F.

Becker, 2018-02-07 A crime has occurred Now what From the crime scene to the courtroom Criminal Investigation walks students through the entire investigative process and the roles involved including police officers investigators forensic personnel defense lawyers and prosecutors This integrated approach paints a realistic picture of how crimes are actually solved with fascinating real world examples Featuring a new full color interior design the Fifth Edition incorporates modern investigative methods and procedures for multiple crime types including homicide assault robbery theft burglary arson terrorism cybercrime and a new chapter dedicated to underwater investigations New sections discussing digital evidence including cell phones and GPS tracking technology and social media keep students on the cutting edge of investigative techniques and forensic science developments The cohesive and accessible approach combined with practical applications make Criminal Investigation Fifth Edition the easy choice for students pursuing careers in law enforcement and the criminal justice system **Forensic Pathology of Asphyxial Deaths** Sudhir K Gupta, 2022-07-05 This book provides an overview of

Asphyxial Deaths which includes hanging strangulation choking smothering gagging drowning aspiration mechanical and chemical asphyxiants etc Postmortem examination often leads to doubts as a clear distinction between the different type of asphyxia cannot be made easily Forensic and physiological aspects are discussed with the help of illustrative cases The author discusses the different aspects of asphyxia deaths and substantiates multiple case studies to establish a scientific

approach that can act as a guideline to the autopsy surgeon in providing a precise opinion and clarify doubts for the judiciary involved in such criminal justice cases Key Features Presents individual case studies of Asphyxial deaths Covers the guidelines to be followed by the autopsy surgeons in different cases Discusses the physiological aspects of Asphyxial deaths in detail Illustrates the cases in a stepwise manner with more than 350 colored photographs of postmortem examination
