The Splinter Soul Jeremy Thomas Fuller, 2025-07-08 Some souls were never meant to be whole *The Splinter Soul* is the tenth book in the epic Metalwood Saga series and the dramatic conclusion to Season Two The end has come In the epic Season Two conclusion the final battle for survival demands sacrifices none are prepared to make Rylan now wielding unparalleled magic stands between humanity and total annihilation But the cost of his power threatens to shatter him and the fragile alliances holding their world together Trey and Arra once bound by love find themselves at a crossroads Their fractured relationship mirrors the splintered soul Trey shares with Quynn a connection that could hold the key to defeating their enemies or doom them all As Trey grapples with the haunting truth of who he is Arra must decide if their love is worth risking her heart While ancient forces awaken and the godlike Twins unleash devastation the remnants of humanity and elvenkind must find a way to activate the Pyramid Offensive System a weapon that could change the tide of the war or destroy what little remains of their world With their fates entwined Rylan Trey and Arra must confront their deepest fears and the ghosts of their pasts Will they emerge united or will the splinters of their souls be their undoing What do you sacrifice when the cost of victory is yourself

English Mechanic and World of Science, 1873 Webster's International Dictionary of the English Language Noah Webster, 1894 Notes and Queries, 1876 *Feeling British* Evan Gottlieb, 2007 *Feeling British* argues that the discourse of sympathy both encourages and problematizes a sense of shared national identity in eighteenth century and Romantic British literature and culture Although the 1707 Act of Union officially joined England and Scotland government policy alone could not overcome centuries of feuding and ill will between these nations Accordingly the literary public sphere became a vital arena for the development

and promotion of a new national identity Britishness Feeling British starts by examining the political implications of the Scottish Enlightenment's theorizations of sympathy the mechanism by which emotions are shared between people From these philosophical beginnings this study tracks how sympathetic discourse is deployed by a variety of authors including Defoe Smollett Johnson Wordsworth and Scott invested in constructing but also in questioning an inclusive sense of what it means to be British *The Century Dictionary*, 1890 *The English dialect dictionary, being the complete vocabulary of all dialect words still in use, or known to have been in use during the last two hundred years* Joseph Wright, 1961 **An Etymological Dictionary of the English Language** Walter William Skeat, 1893 *The Oxford History of Poetry in English*, 2024-10-25 The Oxford History of Poetry in English OHOPE is designed to offer a fresh multi voiced and comprehensive analysis of poetry from Anglo Saxon culture through contemporary British Irish American and Global culture including English Scottish and Welsh poetry Anglo American colonial and post colonial poetry and poetry in Canada Australia New Zealand the Caribbean India Africa Asia and other international locales OHOPE both synthesizes existing scholarship and presents cutting edge research employing a global team of expert contributors for each of the fourteen volumes By taking as its purview the full seventeenth century 1603 1700 this volume re draws the existing literary historical map and expands upon recent rethinking of the canon Placing the revolutionary years at the centre of a century of poetic transformation and putting the Restoration back into the seventeenth century the volume registers the transformative effects on poetic forms of a century of social political and religious upheaval It considers the achievements of a number of women poets not yet fully integrated into traditional literary histories It assimilates the vibrant literature of the English Revolution to what came before and after registering its long term impact It traces the development of print culture and of the literary marketplace alongside the continued circulation of poetry in manuscript It places John Milton Andrew Marvell Margaret Cavendish and Katherine Philips and other mid century poets into the full century of specifically literary development It traces continuity and change imitation and innovation in the full century trajectory of such poetic genres as sonnet elegy satire georgic epigram ode devotional lyric and epic The volume's attention to poetic form builds on the current upswing in historicist formalism allowing a close focus on poetry as an intensely aesthetic and social literary mode Designed for maximum classroom utility the organization is both thematic and in the authors section chronological After a comprehensive Introduction organizational sections focus on Transitions Materiality Production and Circulation Poetics and Form Genres and Poets **An Annotated Corpus of Three Hundred Proverbs, Sayings, and Idioms in Eastern Jibbali/Šħərĕt** Giuliano Castagna, 2024-08-14 This book explores the rich paremiological heritage of Jibbali r t an endangered pre literate language belonging to the Modern South Arabian sub branch of Semitic spoken by an ever decreasing number of people in the Dhofar governorate of the Sultanate of Oman Reflecting the historical value of proverbs and idiomatic expression within the documentation of a language Giuliano Castagna analyses a sizeable share of Jibbali r t proverbs sayings and idioms from Arabic language publications as well as
