

Our upcoming 2018/2019 season will be our 43rd season as a soccer club, and we are looking forward to many more years of continued service to the community.

Over the past year, more than 1000 children from the Chester and Mendham areas participated in our fall soccer program. Your generosity has helped the children of our community learn the game of soccer, have fun, and develop a camaraderie that only comes with teamwork. We are truly grateful for your support!

This coming 2018 season, our Fall REC soccer program will have approximately 70 teams made up of children from K – 8th grade. There will be 8 regular season games as well as a Year End Celebration and trophy presentation. We sincerely hope that you will consider sponsoring us this coming year.

**The Games People Play** Robert Ellis, 2014-04-21 In *The Games People Play* Robert Ellis constructs a theology around the global cultural phenomenon of modern sport paying particular attention to its British and American manifestations Using historical narrative and social analysis to enter the debate on sport as religion Ellis shows that modern sport may be said to have taken on some of the functions previously vested in organized religion Through biblical and theological reflection he presents a practical theology of sport s appeal and value with special attention to the theological concept of transcendence Throughout he draws on original empirical work with sports participants and spectators *The Games People Play* addresses issues often considered problematic in theological discussions of sport such as gender race consumerism and the role of the modern media as well as problems associated with excessive competition and performance enhancing substances As Ellis explains Sporting journalists often use religious language in covering sports events Salvation features in many a headline and talk of moments of redemption is not uncommon Perhaps somewhere beyond the cliched hyperbole there is some theological truth in all this after all *Labor Relations Reference Manual* , 1979 Vols 9 17 include decisions of the War Labor Board

*Football Clubs and the Global Transfer Market* Thijs A. Velema, 2025-02-06 This is the first book to examine labour markets in professional football from the perspective of football clubs rather than players Drawing on data from the eight biggest European football leagues the hub of the global player transfer market the book explores how and why clubs scout the market for new players why they let players go and how they use their academies to identify and develop young talent Arguing that clubs aren t fully rational actors when it comes to player transfers and talent development it demonstrates that clubs talent policy is most often a bet on high player turnover alongside local recruitment It shows that most transfers take place domestically between clubs within country borders using sociological analysis to explore the investment of clubs in domestic labour markets and offers new insight into the internal operation of clubs in the way that they manage their first team squads and youth academies and how this often creates conditions of anxiety and insecurity that isn t in the best interests of clubs or players International in scope and shining new light on sports labour markets and organisational behaviour in sport this book is fascinating reading for any advanced student researcher policy maker or practitioner with an

interest in sport business and management talent identification and development or international business or human resource management
