Practical REST on Rails 2 Projects Ben Scofield, 2008-04-28. *Practical REST on Rails 2 Projects* is a guide to joining the burgeoning world of open web applications. It argues that opening up your application can provide significant benefits and involves you in the entire process from setting up your application to creating clients for it to handling success and all its attendant problems. This book is the essential resource for anyone who wants to make their web application a full participant in the new Internet. This book is intended for intermediate to advanced Rails developers, people who use Rails regularly for sites and applications more complicated than the prototypical roll your own blog. In particular, it's targeted at Rails developers who want to be good Web 2.0 citizens, sharing the functionality of their app with other sites to the betterment of everyone. Application projects include iPhone, Facebook, and REST for the enterprise. [How to Use the Internet to Advertise, Promote, and Market Your Business Or Web Site](#) Bruce C. Brown, 2011. Interested in promoting your business and or Web site but don't have the big budget for traditional advertising? This new book will show you how to build, promote, and make money off of your Web site or brick and mortar store using the Internet with minimal costs. Let us arm you with the knowledge you need to make your business a success. Learn how to generate more traffic for your site or store with hundreds of Internet marketing methods, including many free and low-cost promotions. This new book presents a comprehensive, hands-on, step-by-step guide for increasing Web site traffic and traditional store traffic by using hundreds of proven tips, tools, and techniques. Learn how to target more customers to your business and optimize your Web site from a marketing perspective. You will learn to target your campaign, use keywords, generate free advertising, search engine strategies, learn the inside secrets of e-mail marketing, how to build Web communities, co-branding, auto responders, Google advertising, banner advertising, eBay storefronts, Web design, information search engine registration, directories, and real-world examples of what strategies are succeeding and what strategies are failing. 1/28/2011 12:00:00 AM. [Content Marketing For Dummies](#) Susan Gunelius, 2011-05-12. Get the whole picture and learn to create a successful online content marketing program. Successful online marketing is about more than creating a Facebook page or writing a corporate blog. Brands need to build lasting connections with the right customers online through an effective online content marketing strategy, and this book shows you how. It explores ways to create a content marketing strategy, identify the content that will keep your customers coming back, create that content, distribute it online, and measure the results with hands-on, step-by-step guidance. Content marketing is an essential element of successful online marketing and brand building; this book shows you how to begin creating and

distributing content online to market your business Explains why content marketing is important and how to create an online content marketing strategy which tools to use and what to avoid Shows how to create content and get it published online in long or short form Offers plenty of tips case studies and worksheets to ensure success Online content marketing positions your business and your product for lasting customer interaction Content Marketing For Dummies gives you the tools to create a program that works **Empowering Online Learning** Curtis J.
