Resources in Education ,1998 **Reading More, Reading Better** Elfrieda H. Hiebert,2009-05-05 Teaching students specific literacy skills is important but equally critical and often overlooked is giving them the time and opportunity to read actual texts Bringing together leading scholars this book focuses on how teachers can improve both the quality and quantity of reading experiences in K 12 classrooms Essential topics include factors that make reading tasks more or less productive for different types of learners ways to balance independent reading with whole class and small group instruction how to choose appropriate texts and the connections between reading engagement and proficiency The relevant research literature is reviewed and exemplary practices and programs are described **Educational Programs that Work** ,1987 **The Reading Teacher** ,1983 *Reading Strategies for Elementary Students With Learning Difficulties* William N. Bender,Martha J. Larkin,2003-05-20 This book is written with the purpose of providing primary and middle school teachers a practical set of research based instructional strategies primarily for students with learning disabilities and other learning difficulties This book includes strategies and instructional examples to be practiced in inclusive classrooms as well as in one to one teaching situations This book offers a practical ready reference for teachers increasingly important role in reading instruction for students with learning disabilities **EPIE Materials Report** ,1977 Math Explorations and Applications Stephen S. Willoughby,Carl Bereiter,Peter Hilton,Joseph H. Rubinstein,WrightGroup/McGraw-Hill Staff,2002-07 *Why Our Children Can't Read, and what We Can Do about it* Diane McGuinness,1997 A neuropsychologist shows how outmoded methods for teaching reading have resulted in plummeting literacy levels and offers a new program **RTI Strategies for Secondary Teachers** Susan Gingras Fitzell,2011-09-21 Fitzell a teacher speaker and educational consultant specializing in special education and response to intervention shows classroom teachers and intervention specialists at the secondary level how to use research based response to intervention strategies in math vocabulary reading comprehension writing and across the curriculum After details on response to intervention in general its efficacy and the evidence supporting its use in secondary education each chapter outlines two or more strategies through sample lesson plans that have been reformatted to follow response to intervention with discussion of the research on their effectiveness and instructions for implementation of lessons and extension activities for all three tiers The last chapter addresses acceleration centers Annotation 2011 Book News Inc Portland OR booknews com **The Dyslexia Checklist** Sandra F. Rief,Judith Stern,2009-12-22 Essential advice and resources for helping kids with dyslexia The Dyslexia Checklist is a valuable guide for parents and teachers that can help them better understand children and teenagers with dyslexia and other reading and language based disabilities The book relays the most current research available and is filled with practical strategies supports and interventions Using these tools teachers and parents can accommodate the needs and strengthen the skills of students with reading and writing disabilities across all age levels The book is presented in a simple concise easy to read checklist format and is filled with useful advice

and information on a wide range of topics Explains what we now know about dyslexia from decades of research Contains games to strengthen a child s literacy and language skills Provides important information for hooking in reluctant and struggling readers Offers suggestions for enhancing skills in vocabulary comprehension composition and written expression spelling math and more The book also provides information on the educational rights of students with dyslexia

Instructor ,1978 **Best Practices in Mental Disabilities** Greg A. Robinson,Edward A. Polloway,1987 Structured English Immersion Johanna J. Haver,2002-11-20 Haver s Structured English Immersion excels in its directives to implement an effective SEI program from start to finish While citing research and giving the pedagogical basis for SEI Haver does not get mired in the theory instead heading directly towards the practice This book is an excellent resource for those schools and districts struggling to implement the best SEI program for their LEP students Education Leaders Council Weekly Policy Update May 2003 This book is very helpful not only to LEP teachers but also to administrators who are responsible for setting up a program Arlene Myslinski High School ESL Teacher Buffalo Grove High School Illinois The strength of this book lies in its many strategies for English Immersion programs as well as help for the regular teacher as the English learner is mainstreamed These strategies cover all grades both elementary and secondary Nancy Law Educational Consultant Sacramento City Schools California Unlock the mystery and potential of Structured English Immersion Several states have mandated Structured English Immersion SEI for their English Language Learners ELL but there are few resources to help teachers and administrators implement this highly effective program At last a guide has emerged that explains what SEI is and how it works in the classroom Educators are taken through a process that guarantees success for ELLs at any skill level Experienced teacher and researcher Johanna Haver shows how easy it is to ensure that ELLs gain mastery of English and also learn the essentials of the mainstream curriculum in this easy to follow manual The many benefits teachers and administrators will find in this book include Comprehensive definitions of SEI and the research that supports it Explanation of evaluation and assessment procedures Realistic timelines goals and strategies for mainstreaming students Real life examples from exemplary SEI programs Step by step guidance on implementing SEI techniques in SEI and mainstream classes Suggestions for maintaining native languages Tips on including parents Teachers with a background in bilingual education as well as those teachers who are dealing with ELLs for the first time will find this book an invaluable resource In addition administrators will find helpful information about starting an SEI program at their school **Educating the Evolved Mind** Jerry Carlson,Joel R. Levin,2007-06-01 In this volume David Geary provides a comprehensive theory that brings children s education into the 21st century and provides directions for the development of a new discipline evolutionary educational psychology Geary presents the case that a scientifically grounded approach to children s schooling and to a

lesser degree their later occupational interests can be informed by recent advances in the application of evolutionary theory to the understanding of the human brain mind and its development He develops a taxonomy of evolved cognitive abilities and describes how from an evolutionary perspective these abilities are modified and refined during childhood From there he lays the framework for understanding the relation between evolved abilities such as language and the non evolved competencies that are built from them with schooling such as reading Geary describes the mechanisms such as working memory that enable humans to transform evolved cognitive abilities into culturally important school taught competencies These are integrated with discussion of human intellectual history and cultural evolution and the sources of children s motivation to learn inside and outside of the classroom In all this may well be the most revolutionary theory of children s schooling since Rousseau

Resources in Vocational Education ,1977 **The Act of Teaching** Donald R. Cruickshank,Deborah Bainer Jenkins,Kim K. Metcalf,2006 The backdrop of teaching The act of teaching The effective teacher *Exceptional Children* William L. Heward,2009 Exceptional Children An Introduction to Special Education has always been known for it s innovation strong research base and accessibility The ninth edition has all of those strengths but has a greater focus on highly effective research based practices that are described in a very step by step applied manner This book is for those teachers who will be professionals in the area of special education or those who are working with students that have exceptionalities
