The Quest for the Sustainable Development Goals Thiago Gehre Galvao, Henrique Zeferino de Menezes, 2024-08-22

The book presents the experiences complexities and contradictions of the implementation of the Sustainable Development Goals in Brazil so far Through chapters from a variety of stakeholders the book examines national regional and local aspects of development in Brazil The chapters here draw from scientific knowledge and practical experience to take a critical look at what the SDGs mean in a Global South country and what the implications of this are for global development The book is divided into three sections The first section addresses the critical political and institutional aspects related to the implementation of the Sustainable Development Goals in Brazil highlighting advances as well as pitfalls and setbacks The chapters look at broad questions related to the role of civil society in defining political priorities and strategies to move forward with the SDGs as well as issues involved in incorporating the SDGs at different levels of government and other institutions The chapters in this section critically address the political and institutional advances as well as barriers to the progress of the SDGs in Brazil The second section directly addresses progress made toward the SDGs in the context of the political economic and social variables specific to Brazil The chapters address critical shortcomings and demands for Brazilian society the need for improvements in education and employment policies to reduce poverty the urgent need to

increase gender equality and reduce violence as well as the imperative to strengthen institutions and policies to mitigate climate change and protect the environment The final section focuses on critically assessing the 2030 Agenda itself and drawing from a Global South IR perspective The chapters here dialog with decolonial and post developmentalist perspectives to highlight problems with the agenda and lift up sidelined priorities presenting yet unexamined policy solutions and innovations that are currently absent from the global institutional agenda The Brazilian case is a perfect illustration of how underdevelopment and political instability can constrain the paths to sustainable development while at the same time social innovations leverages based on regional dynamics and strength from social and cultural diversity can drive sustained progress

State-permeated Capitalism in Large Emerging Economies Andreas Nölke,Tobias ten Brink,Christian May,Simone Claar,2019-08-30 This book systematically analyzes the economic dynamics of large emerging economies from an extended Comparative Capitalisms perspective Coining the phrase state permeated capitalism the authors shift the focus of research from economic policy alone towards the real world of corporate and state behaviour On the basis of four empirical case studies Brazil India China South Africa the main drivers for robust economic growth in these countries from the 2000s until the 2010s are revealed These are found in particular in mutual institutional compatibilities of state permeated capitalism in their large domestic markets and beneficial global economic constellations Differences in their institutional arrangements are explored to explain why China and India have been more economically successful than Brazil and South Africa The authors highlight substantial challenges for the stability of state permeated capitalism and assess the potential future growth sustainability and likely pitfalls for these large emerging economies Opening further avenues for empirical and theoretical research this book raises questions for the future of the global economic order and should appeal to academics graduate students and advanced undergraduates in politics economics economic sociology and development studies It should also prove a worthwhile and provocative read for development practitioners and policy makers
