India too where top management institutes have implemented the case study based methodology as an important  
pedagogical tool in business education The major issue in India however is a severe shortage of Indian case studies through  
which business schools can provide industry insights to students This volume fills that gap It has twenty Indian cases related  
to different aspects of business management The cases cover some of the prominent disciplines of management like  
marketing finance human resource management strategy management operations management accounting and mergers and
