A red circular graphic with a gradient, appearing as a stylized arrow or a partial circle, located to the right of the text 'United States. Bureau of the Census'.

Sleuth User Manual:

Numerical Optimization 1984 Paul T. Boggs, Richard H. Byrd, Robert B. Schnabel, 1985-01-01 **The Senior Sleuth's Guide to Technology for Seniors** David Peterka, 2009-12 The Senior Sleuth's Guide to Technology for Seniors provides an overview of products that help make senior citizens' lives more graceful, independent, invigorating, and fun. In this book, the Senior Sleuth will investigate computers, the Internet, and modern technologies related to health and medication management, independent living, communication, travel, and transportation, and home entertainment. This lighthearted reference book provides both seniors and their caregivers with a comprehensive look at the types of technologies being produced for their specific needs.

An Amateur Sleuth's Guide to Murder Lynn Cahoon, 2025-06-24 New York Times bestselling author Lynn Cahoon makes her hardcover debut with an irresistible new meta-mystery series about an amateur sleuth who doesn't just solve crimes; she writes about how to do it. TIP 1: WHAT DOESN'T KILL YOU COUNTS AS WORK EXPERIENCE. Meg Gates could use a guidebook for life. Indeed, she's faced some challenges. She dropped out of college to work for a tech startup that failed, and her fiancé just took her bridesmaid to Italy on what was supposed to be Meg's honeymoon. Now, at twenty-six, Meg has taken the ferry ride of shame from Seattle back to Bainbridge Island to live with her family. At least she has her rescue cocker spaniel, Watson, by her side. But it's Meg who could use a rescue, and she's hoping it will come in the form of a part-time gig doing research for a bestselling mystery writer. TIP 2: WRITE WHAT YOU KNOW OR WHAT YOU WANT TO KNOW. That's when the lightbulb goes on: Meg will write her own guidebook, a manual on criminal investigation. But before she can impress her new boss with her pet project, the author's manager is found dead on the rocks beneath the author's Gothic mansion. Now it's time to put her guide to the test as Meg sets out to clear her employer of suspicion and solve the crime. But there's one important caveat she'll have to add to her guide: TIP 3: BEWARE OF UNKNOWN DANGERS.

Cyber Forensics Albert Marcella Jr., Doug Menendez, 2010-12-19 Updating and expanding information on concealment techniques, new technologies, hardware, software, and relevant new legislation, this second edition details the scope of cyber forensics to reveal and track legal and illegal activity. Designed as an introduction and overview to the field, the authors guide you step by step through the basics of investigation and introduce the tools and procedures required to legally seize and forensically evaluate a suspect machine. The book covers rules of evidence, chain of custody, standard operating procedures, and the manipulation of technology to conceal illegal activities and how cyber forensics can uncover them.
