*Non-Elegiac Latin Love Poetry of Late Antiquity* Vasileios Pappas, 2025-05-19 For about five hundred years between Ovid's death 17 AD and Maximianus Elegies 6th century AD the genre of love elegy disappears Does this mean that love poetry in general was no longer being written This was certainly not the case Poets continued to compose love poetry merely in other forms than elegy This book deals with non elegiac Latin love poetry of Late Antiquity It is the first monograph to focus on the metaliterary interpretation of four non elegiac poetic works the *Pervigilium Veneris* Ausonius Bissula Reposianus *De concubitu Martis et Veneris* and the *Aegritudo Perdicae* The book contains all the required information about these poems including their date authorship structure and literary tradition However its content is predominantly original as it examines subjects that have not previously been discussed in the past These include a the generic interaction between the poems host genre and several guest genres that are present within them b the metaliterary discourse developed in several passages which reveals the metapoetic self consciousness of their poets c their hidden demands for the innovation of love poetry and d their allusive comments on the conservatism of this era

*Greek and Latin Love* Thea S. Thorsen, Iris Brecke, Stephen Harrison, 2021-09-07 It is often claimed that the kind of love that is variously deemed romantic or true did not exist in antiquity Yet ancient literature abounds with stories that seem to adhere precisely to this kind of love This volume focuses on such literature and the concepts of love it espouses The volume differs from and challenges much existing classical scholarship which has traditionally privileged the theme of sex over love and prose genres over those of poetry By conversely focusing on love and poetry the present volume freshly explores central poets in ancient literature such as Homer Sappho Terence Catullus Virgil Horace and Ovid alongside less canonized such as the anonymous poet of *The Lament for Bion* Philodemus and Sulpicia The chapters which are written by world leading as well as younger scholars reveal that Greek and Latin concepts of love seem interconnected that such love is as relevant for hetero as homoerotic couples and that such ideas of love follow the mainstream of poetry throughout antiquity In addition to the general reader interested in the history of love this volume is relevant for students and scholars of the ancient world and the poetic tradition

*Like a Natural Woman* Kirsten Pullen, 2014-08 Bathing beauty Esther Williams bombshell Jane Russell exotic Carmen Miranda chanteuse Lena Horne and talk show fixture Zsa Zsa Gabor are rarely hailed as great actors or as naturalistic performers Those terms of praise are given to male stars like Marlon Brando and James Dean whose gritty dramas are seen as a departure from the glossy spectacles in which these stars appeared *Like a Natural*

Woman challenges those assumptions revealing the skill and training that went into the work of these five actresses who employed naturalistic performance techniques both onscreen and off Bringing a fresh perspective to film history through the lens of performance studies Kirsten Pullen explores the ways in which these actresses who always appeared to be playing themselves responded to the naturalist notion that actors should create authentic characters by drawing from their own lives At the same time she examines how Hollywood presented these female stars as sex objects focusing on their spectacular bodies at the expense of believable characterization or narratives Pullen not only helps us appreciate what talented actresses these five women actually were but also reveals how they sought to express themselves and maintain agency even while meeting the demands of their directors studios families and fans to perform certain feminine roles Drawing from a rich collection of classic films publicity materials and studio archives Like a Natural Woman lets us take a new look at both Hollywood acting techniques and the performance of femininity itself
