Konig was a pioneer and his influence on Vatican II was crucial In this very personal book Konig often talks of people he met and corresponded with and his experiences on extensive travels behind what was then termed The Iron Curtain There is also a beautiful chapter on personal prayer the all important personal dialogue with God He recounts how he learned a great deal from a Parsee family in Bombay and talks of his conversations with God in the last years of his life At a time when religion is so often a cause of dissent conflict and even murder Konig s views on dialogue with other Christians and other religions have a particular pertinence and will be seen to be prophetic **Songs as Locus for a Lay Theology** Philip K.

Mathai,2019-02-07 Hymns and songs have long been the most frequent and characteristic expression of communal beliefs particularly among faith traditions that lack authoritarian or rigidly codified doctrinal statements Even among Christian traditions that do include a strong focus on creeds catechism and liturgy it is hymnody more than anything else that sustains their lay theology The hymns of Moshe Walsalam Sastriyar 1847 1916 and Sadhu Kochukunju Upadeshi 1883 1945 both from the Kingdom of Travancore in southwest India transcend denominational boundaries and have been embraced far beyond their historical communities of origin as a means of articulating faith and spirituality Against a missionizing backdrop of western dominated hymnody and theology these songs and writings from the fringes of colonialism were embraced by local communities and became their chosen expression of faith As such they evoked a lay consciousness quite distinct from official theologies of the church In Walsalam and Kochukunju along with other Christian writers of their period and culture we see a unique inter weaving of local traditions and the global Christian message one that transformed social and spiritual
