Revenge passion and an arranged marriage Duke Javier Herrera needs a wife in order to inherit his family s banking business  
In Grace Beresford whose father swindled Javier out of millions Javier can take revenge and a convenient wife At first Javier  
just wants Grace s body But this small price she refuses to pay despite their explosive mutual attraction How long can Grace  
remain his wife in name only      Puzzling Shakespeare Leah Sinanoglou Marcus,1988      **The Spanish Prince's Virgin**  
**Bride** Sandra Marton,2002      *Woman in Soviet Russia* Fannina W. Halle,2024-11-26 Women in Soviet Russia 1933 was the  
first attempt to provide a comprehensive account of the position of women in the Soviet Union It looks at the history of  
women s achievements following the 1917 revolution and of the efforts made by the Communists to establish sex equality  
between man and woman This history embraces every activity of women economical political cultural and biological A survey  
is provided of women s participation in the civil wars and in the work of the Five Year Plan of woman s role as mother wife  
worker and political leader of her position in the home in the state and in industry of the attempts of the Soviets to abolish

Coolidge,2013-07-28 Contrary to early modern patriarchal assumptions this study argues that rather trying to impose  
obedience or enclosure on women of their own rank and status noblemen in early modern Spain depended on the active  
collaboration of noblewomen to maintain and expand their authority wealth and influence While the image of virtuous  
secluded silent and chaste women did bolster male authority in general and help to assure individual noblemen that their  
children were their own the presence of active vocal and political women helped these same men move up the social ladder  
guard their property and wealth gain political influence win legal battles and protect their minor heirs Drawing on a variety  
of documents guardianships wills dowry and marriage contracts lawsuits genealogies and a few letters from the family  
archives of the nine noble families housed in the Osuna and Fr as collections in Toledo Guardianship Gender and the Nobility  
in Early Modern Spain explores the lives and roles of female guardians Grace Coolidge examines in detail the legal status of  
these women their role within their families and their responsibilities for the children and property in their care To Spanish  
noblemen Coolidge argues the preservation of family power and lineage was more important than the prescriptive gender  
roles of their time and faced with the emergency generated by the premature death of the male title holder they consistently  
turned to the adult women in their families for help Their need for support and for allies against their own mortality meant in  
turn that they expected and trained their female relatives to take an active part in the economic and political affairs of the  
family      **Royal Genealogies: Or, The Genealogical Tables Of Emperors, Kings and Princes, From Adam to These**
