book argues that mastering essay writing enhances communication skills applicable in various settings. It guides readers through each stage of the essay writing process beginning with an introduction to core concepts and the importance of audience awareness. Dedicated chapters explore thesis statements, paragraph construction, and evidence-based argumentation, culminating in refining writing through revision strategies and stylistic considerations. Practical exercises and examples are integrated throughout to reinforce learning, making it a valuable resource for students and anyone seeking to improve their persuasive writing abilities. *Writing Essays* uniquely emphasizes critical thinking and audience awareness, encouraging writers to develop their own voice and tailor arguments effectively. Rather than providing rigid rules, it promotes an active approach to writing, emphasizing creativity and critical analysis. The book progresses logically, building from basic concepts to more complex elements of essay construction, ensuring a solid foundation in academic writing.

Writing For Academic Purpose Eny Maulita Purnama Sari, S.Pd.I., M.Pd., Nurul Aini, S.Pd., M.Pd., This handout can be one of instructional textbooks used in the teaching of writing of English in Indonesia. It aims to provide a framework for teaching and learning English based on blended learning. All three chapters allow the students to practice academic writing by blended learning in a learning system which help them to develop their academic writing skills. By having this skill, they can construct and establish academic writing correctly. It also enables them to study genre autonomously. The strengths of this handout, such as effectiveness of using blended learning in the writing for academic subject, autonomous learning, and practice, make a better academic writing. Then, this handout was developed based on the students' need. In this handout, students not only found genre but also found characteristics, ways, and the rules of language in academic writing. Here, the writers would like to thank validators and students who give inputs and suggestions in improving the process of developing materials and models.
