**New-York** William W. Sanger, 1859      **The Household and the Making of History** Mary S. Hartman, 2004-04-12 This book argues that a unique late marriage pattern discovered in the 1960s but originating in the Middle Ages explains the continuing puzzle of why western Europe was the site of changes that from about 1500 gave rise to the modern world. Contrary to views that credit upheavals from the late eighteenth century were responsible for ushering in the contemporary global era, it contends that the roots of modern developments themselves are located in an event more than a millennium earlier when the peasants in northwestern Europe began to marry their daughters almost as late as their sons. The appearance of this late marriage system with its unstable nuclear household form will also be shown to have exposed for the first time the common ingredients whose presence has perpetuated beliefs in the importance of gender difference and of a sexual hierarchy favoring males.

**Reframing Prostitution** N. Persak, G. Vermeulen, 2014-07-07 Prostitution has always fascinated the public and bewildered policy makers. Reframing Prostitution explores several aspects of this multidimensional phenomenon, examining different ways in which prostitution is and was being practised in different places and different times, best practices in the regulation of prostitution as well as wider social and psychological issues such as the construction of prostitution as incivility or of prostitutes as a socially problematic group or as victimised individuals. The book also addresses normative questions with respect to policy making, unmasking the purposes behind certain societal reactions towards prostitution as well as proposing innovative solutions that could reconcile societal fears of exploitation and abuse while meeting the rights and needs of individuals voluntarily involved in prostitution. With contributions across social science disciplines, this international collection presents a valuable discussion on the importance of empirical studies in various segments of prostitution, highlights social contexts around it, and challenges regulatory responses that frame our thinking about prostitution, promoting fresh
