this takeover continue to shape American society During its New Year s Eve countdown MTV entered 1999 with Limp Bizkit covering Prince s famous anthem to the new year The highlights of the lowlights continued when WCW and WWE drew 35 million American viewers each week with sex appeal and stories about insurrections Insane Clown Posse emerged from the underground with a Woodstock set and platinum records about magic and murder Later that year Dance Dance Revolution debuted in North America and Grand Theft Auto emerged as a major video game franchise Beanie Babies and Pok mon so thoroughly seized the wallets and imagination of collectors that they created speculative investment bubbles that anticipated the faddish obsession over nonfungible tokens NFTs The trashy talk show Jerry Springer became daytime TV s most watched program and grew so mainstream that Austin Powers Sabrina the Teenage Witch The Wayans Bros The Simpsons and The X Files incorporated Springer into their own plots during the late 90s Donald Trump even explored a potential presidential nomination with the Reform Party in 1999 and wanted his running mate to be Oprah Winfrey whose own talk show would make Dr Oz a household name Among Springer s many guests were porn stars who at the end of the millennium were pursuing sex records in a bid for stardom as the pornography industry exploded aided by sex scandals new technology and the drug Viagra which marked its first full year on the US market in 1999 Benes shows us how so many of the strangest features of culture in 1999 predicted and influenced American life today This wild ride through pop culture uncovers the connections between the kayfabe of WWE and the theatrics of politics between the faddish obsession with Beanie Babies and with NFTs between faithful fans and political loyalists between violent video games and society s scapegoats and much more 1999 is not just a nostalgic look at the past It is also a window into our contentious present **Home Theater e Casa**
