Richard McGregor

Outpost Life On The Frontlines Of American Diplomacy A Memoir:

Outpost Christopher R. Hill, 2014 An inside the room memoir from one of our most distinguished ambassadors who in a career of service to the country was sent to some of the most dangerous outposts of American diplomacy From the wars in the Balkans to the brutality of North Korea to the endless war in Iraq this is the real life of an American diplomat Hill was on the front lines in the Balkans at the breakup of Yugoslavia He takes us from one on one meetings with the dictator Milosevic to Bosnia and Kosovo to the Dayton conference where a truce was brokered Hill draws upon lessons learned as a Peace Corps volunteer in Cameroon early on in his career and details his prodigious experience as a US ambassador He was the first American Ambassador to Macedonia Ambassador to Poland where he also served in the depth of the cold war Ambassador to South Korea and chief disarmament negotiator in North Korea and Hillary Clinton s hand picked Ambassador to Iraq Hill s account is an adventure story of danger loss of comrades high stakes negotiations and imperfect options There are fascinating portraits of war criminals Mladic Karadzic of presidents and vice presidents Clinton Bush and Cheney and Obama of Secretaries of State Madeleine Albright Colin Powell Condoleezza Rice and Hillary Clinton of Secretary of Defense Robert Gates and of Ambassadors Richard Holbrooke and Lawrence Eagleburger Hill writes bluntly about the bureaucratic warfare in DC and expresses strong criticism of America s aggressive interventions and wars of choice Outpost

Christopher R. Hill, 2014-10-07 An inside the room memoir from one of our most distinguished ambassadors who in a career of service to the country was sent to some of the most dangerous outposts of American diplomacy From the wars in the Balkans to the brutality of North Korea to the endless war in Iraq this is the real life of an American diplomat Hill was on the front lines in the Balkans at the breakup of Yugoslavia He takes us from one on one meetings with the dictator Milosevic to Bosnia and Kosovo to the Dayton conference where a truce was brokered Hill draws upon lessons learned as a Peace Corps volunteer in Cameroon early on in his career and details his prodigious experience as a US ambassador He was the first American Ambassador to Macedonia Ambassador to Poland where he also served in the depth of the cold war Ambassador to South Korea and chief disarmament negotiator in North Korea and Hillary Clinton s hand picked Ambassador to Iraq Hill s account is an adventure story of danger loss of comrades high stakes negotiations and imperfect options There are fascinating portraits of war criminals Mladic Karadzic of presidents and vice presidents Clinton Bush and Cheney and Obama of Secretaries of State Madeleine Albright Colin Powell Condoleezza Rice and Hillary Clinton of Secretary of Defense Robert Gates and of Ambassadors Richard Holbrooke and Lawrence Eagleburger Hill writes bluntly about the bureaucratic warfare in DC and expresses strong criticism of America s aggressive interventions and wars of choice **Hinge Points** Siegfried S. Hecker, 2023-01-10 North Korea remains a puzzle to Americans How did this country one of the most isolated in the world and in the policy cross hairs of every U S administration during the past 30 years progress from zero nuclear weapons in 2001 to a threatening arsenal of perhaps 50 such weapons in 2021 Hinge Points brings readers literally inside the North

Korean nuclear program joining Siegfried Hecker to see what he saw and hear what he heard in his visits to North Korea from 2004 to 2010 Hecker goes beyond the technical details described in plain English from his on the ground experience at the North's nuclear center at Yongbyon to put the nuclear program exactly where it belongs in the context of decades of fateful foreign policy decisions in Pyongyang and Washington Describing these decisions as hinge points he traces the consequences of opportunities missed by both sides The result has been that successive U S administrations have been unable to prevent the North with the weakest of hands from becoming one of only three countries in the world that might target the United States with nuclear weapons Hecker's unique ability to marry the technical with the diplomatic is well informed by his interactions with North Korean and U S officials over many years while his years of working with Russian Chinese Indian and Pakistani nuclear officials have given him an unmatched breadth of experience from which to view and interpret the thinking and perspective of the North Koreans

Iran's Rise and Rivalry with the US in the Middle East

Mohsen M. Milani, 2025-01-09 The 1979 Islamic Revolution triggered a cold war between Iran and the United States former fast friends Despite the US's relentless efforts at containment Iran has risen as a formidable power in Iraq Syria Lebanon Yemen and Gaza Its newfound status not only frustrates the US but has swiftly become a thorn in the side of Israel and Saudi Arabia How did Iran rise so rapidly And as it faces ever increasing pressure at home and abroad can it hold onto its power Mohsen Milani guides us through the twists and turns of the Iran US rivalry in the battlefields of the Middle East Going from the fall of the Shah to revolutionary Iran's alliances with Syria Hamas Hezbollah Iraqi militias and the Houthis in the Axis of Resistance Milani lifts the veil on Iran's foreign policy strategy and its implications for the region the US and Iran itself

New Zealand's Foreign Service Ian McGibbon, 2022-10-06 Since 1943 during war humanitarian and natural disasters and flashpoints of global tension one government department has been charged with the critical role of representing New Zealand's interests overseas In doing so the Ministry of Foreign Affairs and Trade and its predecessors has needed to respond to ever evolving political and military allegiances trade globalization economic threats natural disasters and military conflict on behalf of a small nation that seeks to engage on the global stage while maintaining the principles that underpin its political institutions For more than 75 years the ministry has been served by some remarkable people dedicated to an organization that has reflected New Zealand's developing sense of nationhood and place in world This history of the foreign service edited by one of New Zealand's foremost historians captures the high stakes skill and intelligence involved in the development of a unique organization

Cold Rivals Evan S. Medeiros, 2023 Cold Rivals brings together a distinguished group of scholars from the United States and China to examine the new era of strategic competition in US China relations The two countries are now competitors locked in a long term rivalry but how volatile the rivalry will become is still to be determined The book explores not only the historical roots and contemporary foreign policy aspects of this era but the volume also looks at the economic military and technological arenas of US China strategic competition In doing so this

volume highlights important differences in US and Chinese perspectives A final section of the volume explores future scenarios for the relationship from different perspectives but with all of them coming to the sobering conclusion about a future marked by expanding differences growing tensions economic disengagement and pressures for a global competition This policy relevant book provides a comprehensive overview of US China strategic competition and reinvigorates thinking about how to avoid reaching a crisis point

The Sit Room David Scheffer, 2019 Machine generated contents note Preface by Roger Cohen Cast of Characters Entities and Actions Chapter I Shattered Plans 1993 Chapter II Ethnic Cleansing Wins 1994 Chapter III To Stay or Not to Stay January June 1995 Chapter IV Finally Diplomacy Backed by Force July August 1995 Chapter V Forging Peace September December 1995 Epilogue Index

The Six-Party Talks on North Korea Mi-yeon Hur, 2018-01-03 The book traces the past decade of dynamic interactions among the concerned states involved in the Six Party Talks on North Korean nuclear programs Unlike existing studies which usually dissect incidents of the talks the book provides a comprehensive systemic analysis of the Six Party Talks process from A to Z These new insights into the nuclear drama in the Northeast Asian region will be of value to scholars policy makers and analysts

Stabilizing Fragile States Rufus C. Phillips III, 2022-06-10 *Stabilizing Fragile States Why It Matters and What to Do About It* is a masterclass on intervening to help fragile states stabilize in the face of internal challenges that threaten national security and how the United States can do better at less cost with improved chances of success Written from the point of view of an on the ground practitioner after exceptional government and voluntary service abroad Rufus C Phillips III uses his experience to explain why US efforts to help fragile countries stabilize is important to national security Helping stabilize fragile states has been too much of a poorly informed impersonal technocratic and conflicted process that has been dominated by reactions to events and missing a more human approach tailored to various countries circumstances In his book Phillips explains why we have not been more successful and what it would take to make our stabilization efforts effective sustainable and less expensive Recent US involvements have ranged in intensity and size from Colombia which did not put US boots on the ground to massive interventions in Iraq and Afghanistan which did The lack of success in Afghanistan and Iraq has tended to dominate the national conversation about dealing with fragile states *Stabilizing Fragile States* provides a thorough analysis of what has gone wrong and what has gone right in US involvement Stabilizing fragile states is more of an unconventional political and psychological endeavor requiring an operational mindset rather than conventional war or normal diplomacy Defines the focus of counterinsurgency not as killing insurgents but as a positive effort to win local people s support by involving them in their own self defense and political social and economic development Americans must understand the religious historical political and social context of the host country and be consistent patient and persistent in what they do Security force training in host countries must include respect for civilians and the definition by their leadership of a national cause that the trainees believe is worth risking their lives to defend Recommends creating a dedicated cadre of expeditionary diplomacy and development

professionals in Department of State USAID and a special training school as an addition to the Global Fragility Act This book is part of the ADST DACOR Diplomats and Diplomacy series *Securing Peace in Europe* Stephan Kieninger,2025-09-09

After the Cold War the United States and its NATO allies faced crucial questions Could Russia their old adversary be integrated into the liberal international order What roles should former Soviet republics and satellite states in Eastern and Central Europe play in the Euro Atlantic security system These questions have taken on renewed significance since Russia s full scale invasion of Ukraine as Vladimir Putin has portrayed Russia as the victim of Western expansionism This deeply researched book offers new perspective on the NATO Russia relationship through the eyes of Strobe Talbott a deputy secretary of state for seven years under President Bill Clinton and the key US diplomatic broker for the former USSR Stephan Kieninger traces the Clinton administration s efforts to engage Russia and enlarge NATO at the same time as elements of a new European security architecture Drawing on Talbott s diaries as well as US and European archives and extensive interviews with former government officials he sheds light on NATO s opening its missions in Bosnia and Kosovo and other vexed issues Kieninger argues that a careful look at Talbott s statecraft rebuts Putin s claims that the West exploited Russia s weakness after the Cold War demonstrating that the Clinton administration and its NATO allies sought to include Russia at every step An illuminating and comprehensive account of US diplomacy during the Clinton years *Securing Peace in Europe* provides vital insight into the complex relations between Russia and the West **North Korea, Iran and the Challenge to International Order** Patrick McEachern,Jaclyn O'Brien McEachern,2017-08-23

This book examines and compares the political situations in North Korea and Iran and the contemporary security challenges posed by their illicit nuclear aspirations While government officials including a series of American presidents strategic policy documents and outside analysts have repeatedly noted that North Korea and Iran occupy a similar challenge the commonality has largely been left unexplored This book argues that North Korea and Iran are uniquely common in the world today in their illicit nuclear aspirations in violation of their legal commitments made under the Non Proliferation Treaty The work evaluates alternative arguments some of which sustain that the two states should be grouped together based on other metrics such as nuclear powers that sponsor terrorist organizations or nuclear states that violate human rights and find alternative explanations do not hold up to empirical scrutiny Drawing on newly declassified documents and Iranian and North Korean sources the book provides a comprehensive and comparative assessment of the two states social historical economic and domestic political structures and situation to make these determinations Furthermore it reviews the nuclear issue stemming from Iran and North Korea and the efforts to constrain these programs The book concludes with specific policy recommendations that apply diplomatic lessons learned from dealing with Iran to North Korea and vice versa This book will be of interest to students of nuclear proliferation international security foreign policy and International Relations

Historical Dictionary of the Republic of Cameroon Mark Dike DeLancey,Mark W. Delancey,Rebecca Neh

Mbuh,2019-06-15 Cameroon is a land of much promise but a land of unfulfilled promises It has the potential to be an economically developed and democratic society but the struggle to live up to its potential has not gone well Since independence there have been only two presidents of Cameroon the current one has been in office since 1982 Endowed with a variety of climates and agricultural environments numerous minerals and substantial forests and a dynamic population this is a country that should be a leader of Africa Instead we find a country almost paralyzed by corruption and poor management a country with a low life expectancy and serious health problems and a country from which the most talented and highly educated members of the population are emigrating in large numbers To all of this is recently added a serious terrorism problem Boko Haram in the north a separatist movement in the Anglophone west refugee influxes in the north and east and bandits from the Central African Republic attacking eastern villages This fifth edition of Historical Dictionary of the Republic of Cameroon contains a chronology an introduction and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about the Republic of Cameroon

Landpower in the Long War Jason W. Warren,2019-06-14 War and landpower's role in the twenty first century is not just about military organizations tactics operations and technology it is also about strategy policy and social and political contexts After fourteen years of war in the Middle East with dubious results a diminished national reputation and a continuing drawdown of troops with perhaps a future force increase proposed by the Trump administration the role of landpower in US grand strategy will continue to evolve with changing geopolitical situations Landpower in the Long War Projecting Force After 9 11 edited by Jason W Warren is the first holistic academic analysis of American strategic landpower Divided into thematic sections this study presents a comprehensive approach to a critical aspect of US foreign policy as the threat or ability to use force underpins diplomacy The text begins with more traditional issues such as strategy and civilian military relations and works its way to more contemporary topics such as how socio cultural considerations effect the landpower force It also includes a synopsis of the suppressed Iraq report from one of the now retired leaders of that effort The contributors made up of an interdisciplinary team of political scientists historians and military practitioners demonstrate that the conceptualization of landpower must move beyond the limited operational definition offered by Army doctrine in order to encompass social changes trauma the rule of law acquisition of needed equipment civil military relationships and bureaucratic decision making and argue that landpower should be a useful concept for warfighters and government agencies

Naval War College Review ,2016 *Asia's Reckoning* Richard McGregor,2017-09-05 Stunningly good Michael Burleigh Evening Standard Books of the Year 2017 The dramatic story of the relationship between the world's three largest economies one that is shaping the future of us all by one of the foremost experts on east Asia For more than half a century American power in the Pacific has successfully kept the peace But it has also cemented the tensions in the toxic rivalry between China and Japan

consumed with endless history wars and entrenched political dynasties Now the combination of these forces with Donald Trump's unpredictable impulses and disdain for America's old alliances threatens to upend the region and accelerate the unravelling of the postwar order If the United States helped lay the postwar foundations for modern Asia now the anchor of the global economy Asia's Reckoning will reveal how that structure is now crumbling With unrivalled access to archives in the US and Asia as well as many of the major players in all three countries Richard McGregor has written a tale which blends the tectonic shifts in diplomacy with the domestic political trends and personalities driving them It is a story not only of an overstretched America but also of the rise and fall and rise of the great powers of Asia The confrontational course on which China and Japan have increasingly set themselves is no simple spat between neighbors And the fallout would be a political and economic tsunami affecting manufacturing centers trade routes and political capitals on every continent

Rationality in the North Korean Regime David W. Shin, 2020-07-06 How and why are the Kims rational There is no consensus about either the Kims' rationality or how best to determine if they are rational actors Rationality in the North Korean Regime offers a concise and finite method to assess rationality by examining over ten cases of provocations from the Korean War to the August 2015 land mine incident The book asserts that Kim Il sung was predominantly a rational actor though the regime behaved irrationally at times under his rule and that both Kim Jong il and Kim Jong un have clearly been rational actors As a rational actor Kim Jong un is unlikely to give up his nuclear weapons but this work argues he can be deterred from using them if the United States demonstrates it is willing to co exist with his regime and pursues long term engagement to reduce Kim's concern that North Korea's sovereignty needs defending from U S hostile policy This could allow gradual social change within the country that could eventually lead to positive systemic change as well as soften Kim's rule In this regard time may be on the side of the U S South Korean alliance but the two allies must embrace the long view and learn to be more patient or risk another conflict on the Korean Peninsula

North Korea and the World Walter C. Clemens Jr., 2016-07-22 With nearly twenty five million citizens a secretive totalitarian dictatorship and active nuclear and ballistic missile weapons programs North Korea presents some of the world's most difficult foreign policy challenges For decades the United States and its partners have employed multiple strategies in an effort to prevent Pyongyang from acquiring weapons of mass destruction Washington has moved from the Agreed Framework under President Bill Clinton to George W Bush's denunciation of the regime as part of the axis of evil to a posture of strategic patience under Barack Obama Given that a new president will soon occupy the White House policy expert Walter C Clemens Jr argues that now is the time to reconsider US diplomatic efforts in North Korea In North Korea and the World Clemens poses the question Can should and must we negotiate with a regime we regard as evil Weighing the needs of all the stakeholders including China Japan Russia and South Korea he concludes that the answer is yes After assessing nine other policy options he makes the case for engagement and negotiation with the regime There still may be time to freeze or eliminate North Korea's weapons of mass destruction Grounded in philosophy and

history this volume offers a fresh road map for negotiators and outlines a grand bargain that balances both ethical and practical security concerns
