**Real Games** Mia Consalvo, Christopher A. Paul, 2019-10-01 How we talk about games as real or not real and how that shapes what games are made and who is invited to play them In videogame criticism the worst insult might be That's not a real game For example That's not a real game it's on Facebook and That's not a real game it's a walking simulator But how do people judge what is a real game and what is not what features establish a game's gameness In this engaging book Mia Consalvo and Christopher Paul examine the debates about the realness or not realness of videogames and find that these discussions shape what games get made and who is invited to play them Consalvo and Paul look at three main areas often viewed as determining a game's legitimacy the game's pedigree its developer the content of the game itself and the game's payment structure They find among other things that even developers with a track record are viewed with suspicion if their games are on suspect platforms They investigate game elements that are potentially troublesome for a game's gameness including genres visual aesthetics platform and perceived difficulty And they explore payment models particularly free to play held by some to be a marker of illegitimacy Finally they examine the debate around such so called walking simulators as Dear Esther and Gone Home And finally they consider what purpose is served by labeling certain games real **Master**

Bosman, 2019-03-04 This book formulates a new theological approach to the study of religion in gaming Video games have become one of the most important cultural artifacts of modern society both as mediators of cultural social and religious values and in terms of commercial success This has led to a significant increase in the critical analysis of this relatively new medium but theology as an academic discipline is noticeably behind the other humanities on this subject The

book first covers the fundamentals of cultural theology and video games It then moves on to set out a Christian systematic theology of gaming focusing on creational theology Christology anthropology evil moral theology and thanatology Each chapter introduces case studies from video games connected to the specific theme In contrast to many studies which focus on online multiplayer games the examples considered are largely single player games with distinct narratives and end of game moments The book concludes by synthesizing these themes into a new theology of video games This study addresses a significant aspect of contemporary society that has yet to be discussed in any depth by theologians It is therefore a fantastic resource for any scholar engaging with the religious aspects of digital and popular culture

*Video Games Around the World* Mark J. P. Wolf, 2015-05-01 Thirty nine essays explore the vast diversity of video game history and culture across all the world's continents Video games have become a global industry and their history spans dozens of national industries where foreign imports compete with domestic productions legitimate industry contends with piracy and national identity faces the global marketplace This volume describes video game history and culture across every continent with essays covering areas as disparate and far flung as Argentina and Thailand Hungary and Indonesia Iran and Ireland Most of the essays are written by natives of the countries they discuss many of them game designers and founders of game companies offering distinctively firsthand perspectives Some of these national histories appear for the first time in English and some for the first time in any language Readers will learn for example about the rapid growth of mobile games in Africa how a meat packing company held the rights to import the Atari VCS 2600 into Mexico and how the Indonesian MMORPG Nusantara Online reflects that country's cultural history and folklore Every country or region's unique conditions provide the context that shapes its national industry for example the long history of computer science in the United Kingdom and Scandinavia the problems of piracy in China the PC Bangs of South Korea or the Dutch industry's emphasis on serious games As these essays demonstrate local innovation and diversification thrive alongside productions and corporations with global aspirations Africa Arab World Argentina Australia Austria Brazil Canada China Colombia Czech Republic Finland France Germany Hong Kong Hungary India Indonesia Iran Ireland Italy Japan Mexico The Netherlands New Zealand Peru Poland Portugal Russia Scandinavia Singapore South Korea Spain Switzerland Thailand Turkey United Kingdom United States of America Uruguay Venezuela
