Footbinding and Women's Labor in Sichuan Hill Gates, 2014-12-05 When Chinese women bound their daughters feet many consequences ensued some beyond the imagination of the binders and the bound The most obvious of these consequences was to impress upon a small child's body and mind that girls differed from boys thus reproducing gender hierarchy What is not obvious is why Chinese society should have evolved such a radical method of gender marking Gendering is not simply preparation for reproduction rather its primary significance lies in preparing children for their places in the division of labor of a particular political economy Drawing on extensive fieldwork and interviews with almost 5 000 women this book examines footbinding as Sichuan women remember it from the final years of the empire and the troubled times before the 1949 revolution It focuses on two key questions what motivated parents to maintain this custom and how significant was girls work in China's final pre industrial century In answering these questions Hill Gates shows how footbinding was a form of labor discipline in the first half of the twentieth century in China when it was a key institution in a now much altered political economy Countering the widely held views surrounding the sexual attractiveness of bound feet to Chinese men footbinding as an ethnic boundary marker its role in female hypergamy and its connection to state imperatives this book instead presents a compelling argument that footbinding was in fact a crucial means of disciplining of little girls to lives of early and unremitting labor This vivid and fascinating study will be of huge interest to students and scholars working across a wide range of fields including Chinese history oral history anthropology and gender studies **Culture and**

understanding this great thinker to have been published for many years and will be essential reading for anyone in the humanities social sciences and beyond with an interest in Freud or philosophy **Searching the Heart** Karen Lystra,1992-06-25 In January 1862 Charles Godwin courted Harriet Russell ultimately unsuccessfully with the following lines Like cadences of inexpressibly sweet music your kind words came to me causing every nerve to vibrate as though electrified by some far off strain of heavenly harmony Almost ten years later Albert Janin upon receiving a letter from his beloved Violet Blair responded with I kissed your letter over and over again regardless of the small pox epidemic at New York and gave myself up to a carnival of bliss before breaking the envelope And in October 1883 Dorothea Lummis wrote candidly to her husband Charles I like you to want me dear and if I were only with you I would embrace more than the back of your neck be sure In Karen Lystra s richly provocative book *Searching the Heart* we hear the voices of Charles Albert Dorothea and nearly one hundred other nineteenth century Americans emerge from their surprisingly open intimate and emotional love letters While historians of nineteenth century America have explored a host of private topics including courtship marriage birth control sexuality and sex roles they have consistently neglected the study of romantic love Lystra fills this gap by describing in vivid detail what it meant to fall in love in Victorian America Based on a vast array of love letters the book reveals the existence of a real openness even playfulness between male and female lovers which challenges and expands more traditional views of middle class private life in Victorian America Lystra refutes the common belief that Victorian men and women held passionlessness as an ideal in their romantic relationships Enabling us to enter the hidden world of Victorian lovers the letters they left behind offer genuine proof of the intensity of their most private interactions feelings behaviors and judgments Lystra discusses how Victorians anthropomorphized love letters treating them as actual visits from their lovers insisting on reading them in seclusion sometimes kissing them as Albert does with Violet s and even taking them to bed She also explores how courtship rituals which included the setting and passing of tests of love succeeded in building unique emotional bonds between lovers and how middle class views of romantic love which encouraged sharing knowledge and intimacy gave women more power in the home Through the medium of love letters *Searching the Heart* allows us to enter unnoticed the Victorian bedroom and parlor We will leave with a different view of middle class Victorian America *I was a Cold War Monster* Cynthia Hendershot,2001 Horror films provide a guide to many of the sociological fears of the Cold War era In an age when warning audiences of impending death was the order of the day for popular nonfiction horror films provided an area where this fear could be lived out to its ghastly conclusion Because enemies and potential situations of fear lurked everywhere within the home the government the family and the very self horror films could speak to the invasive fears of the cold war era *I Was a Cold War Monster* examines cold war anxieties as they were reflected in British and American films from the fifties through the early sixties This study examines how cold war horror films combined anxiety over social change with the erotic in such films as *Psycho* *The Tinger* *The Horror of Dracula* and *House of Wax* **Dickens and the**

Rise of Divorce Dr Kelly Hager, 2013-04-28 Questioning a literary history that since Ian Watt's *Rise of the Novel* has privileged the courtship plot Kelly Hager proposes an equally powerful but overlooked narrative focusing on the failed marriage Hager maps the legal history of marriage and divorce providing crucial background as she reveals the prevalence of the failed marriage plot in eighteenth and nineteenth century British novels Dickens's novels emerge as representative case studies in their preoccupations with the disintegration of marriage the far reaching and disastrous effects of the doctrine of coverture and the comic spectacular and monstrous possibilities afforded by the failed marriage plot Setting his narratives alongside the writings of liberal reformers like John Stuart Mill and the seemingly conservative agendas of Caroline Norton Eliza Lynn Linton and Sarah Stickney Ellis Hager also offers a more contextualized account of the competing strands of the Woman Question In the course of her revisionist readings of Dickens's novels Hager uncovers a Dickens who is neither the conservative agent of the patriarchy nor a novelistic Jeremy Bentham and reveals that tipping the marriage plot on its head forces us to adjust our understanding of the complexities of Victorian proto feminism *Sexual Abuse of Children* Barbara M. Children, Adolescents, and Death Robert G. Stevenson, Gerry R. Cox, 2017-02-02 *Children Adolescents and Death* provides information that can be used to address the death related questions from children and adolescents It also looks at questions from caring adults about the way children or adolescents view death and the grief that follows a death or any major loss

The Curse of Eve, the Wound of the Hero Peggy McCracken, 2003 She shows that in narratives about a sacrifice a father's relationship to his son is described as shared blood whereas texts about women accused of giving birth to monstrous children define the mother's contribution to conception in terms of corrupted often menstrual blood *Rethinking Gothic Transgressions of Gender and Sexuality* Sarah Faber, Kerstin-Anja Munderlein, 2024-03-11 From early examples of queer representation in mainstream media to present day dissolutions of the human nature boundary the Gothic is always concerned with delineating and transgressing the norms that regulate society and speak to our collective fears and anxieties This volume examines British and American Gothic texts from four centuries and diverse media including novels films podcasts and games in case studies which outline the central relationship between the Gothic and transgression particularly gendered and sexual transgression This relationship is both crucial and constantly shifting ever in the process of renegotiation as transgression defines the Gothic and society redefines transgression The case studies draw on a combination of well studied and under studied texts in order to arrive at a more comprehensive picture of transgression in the Gothic Pointing the way forward in Gothic Studies this original and nuanced combination of gendered Ecogothic queer and media critical approaches addresses established and new scholars of the Gothic alike
