Our Man In Iraq:

Our Man in Iraq Robert Perisic, 2013-04-02 The first of Robert Perisic's novels to be translated into English *Our Man in Iraq* gets to the heart of life made and remade by war and serves as an unforgettable introduction to a vibrant voice from Croatia that's filled with characteristic humor and insight 2003 As Croatia lurches from socialism into globalized capitalism Toni a cocky journalist in Zagreb struggles to balance his fragile career pushy family and hotheaded girlfriend But in a moment of vulnerability he makes a mistake volunteering his unhinged Arabic speaking cousin Boris to report on the Iraq War Boris begins filing Gonzo missives from the conflict zone and Toni decides it is better to secretly rewrite his cousin's increasingly incoherent ramblings than face up to the truth But when Boris goes missing Toni's own sense of reality and reliability begins to unravel

Our Man in Iraq Robert Perišić, 2012 A local journalist sends a distant relative to report on the war in Iraq while he stays at home to sort out his love life and his professional career all to varying degrees of success As time goes on things begin to unravel and he ends up having to fake his missing cousin's reports while struggling to hold on to his actress girlfriend *Our Man in Iraq* is a take on the Iraqi conflict from the other side of Europe where politics and nepotism collide and the confusing aftereffects of the recent Yugoslav wars mix with the joys and trials of modern life *U.S. Military Operations and Stabilization Activities in Iraq and Afghanistan* United States. Congress. Senate. Committee on Armed Services, 2006

Acting Alone Bradley F. Podliska, 2010-02-15 *Acting Alone* A Scientific Study of American Hegemony and Unilateral Use of Force Decision Making is a straight forward analysis of unilateral U S military actions which are dependent upon the power disparity between the U S and the rest of the world In solving the puzzle as to why individual presidents have made the wrong decision to act alone the author lays out a president's behavior during a crisis as a two step decision process *Acting Alone* reviews the well studied first decision deciding to use force based on international conflict literature and organized along traditional lines The author then details the second decision deciding to use unilateral force with an explanation of the criticisms of multilateralism and the reasons for unilateralism To test a new theory of unilateral use of force decision making *Acting Alone* devises a definition and coding rules for unilateral use of force develops a sequential model of presidential use of force decision making and constructs a new alternative measure of military power a Composite Indicator of Military Revolutions CIMR It then uses three methods a statistical test with a heckman probit model an experiment and case studies to test U S crisis behavior since 1937 By applying these three methods the author finds that presidents are realists and make expected utility calculations to act unilaterally or multilaterally after their decision to use force The unilateral decision in particular positively correlates with a wide military gap with an opponent an opponent located in the Western hemisphere and a national security threat *It's Getting Ugly Out There* Jack Cafferty, 2010-12-16

Very little of my backstory qualifies as Hallmark Card material but it may help you to make sense of the way I see and interpret what's going on around me Jack Cafferty For the millions who watch the Cafferty File on CNN's The Situation Room

Jack Cafferty stands for common sense the much needed voice of reason who skewers right wing nut jobs and liberal eggheads alike For years he s voiced the views hopes and fears of the average American in inimitable style Now in It s Getting Ugly Out There he brings that level headed wisdom to bear on the most critical issues facing us today and explains why Americans must take our country back from those who are harming it It s been a target rich seven years for someone like me who enjoys pushing people s buttons and sticking pins in things that need pricking from rich and fatuous celebrities offering foreign policy analysis to the latest lying Beltway blowhard impaling himself on his sword of pomposity Anyone familiar with my daily Cafferty File segments on CNN s The Situation Room knows I m not exactly what you d call the mainstream media s poster boy for feel good news and commentary In your face is more like it I m no shrink but I have the sense Bush has carried an angry chip on his shoulder much of his pampered life seething just beneath the good old boy surface The bottom line is that our government no longer works for us The government works for the lobbyists who have had a big hand in influencing if not helping to draft legislation favoring not the average American citizen but instead big business health insurance pharmaceutical and oil companies and defense contractors among others These are the guys who can make the kinds of political contributions that are needed to finance today s multi million dollar political campaigns
