Supplementary Timetable For February March 2015

Council of Europe/Conseil de l'Europe

Supplementary Timetable For February March 2015:

2012 GCSE English results Great Britain: Parliament: House of Commons: Education Committee, 2013-06-11 The 2012 GCSE English results prompted significant controversy which ultimately resulted in an application for judicial review This report sets out the background to these events and identifies lessons to be learned The problems with GCSE English can be traced back to the 2007/09 development phase of the qualification in particular the turbulence which resulted from the shift away from a mostly linear to a modular system combined with a high proportion of controlled assessment and generous marking tolerances Exam board experts raised concerns at the time but these were not acted upon by the regulator the then interim Ofqual Further difficulties arose because of pressures from the school accountability system The problems experienced with GCSE English in 2012 highlighted serious weaknesses in the moderation of speaking and listening with consequences for grade awarding The current status of Ofqual as an independent regulator accountable to Parliament is the right one However the Coalition Government is bringing in wholesale changes to GCSEs and A levels to a tight timetable and at the same time Ofqual must have systems in place The Committee is also concerned that there is a rush towards separate exam systems for England Wales and Northern Ireland without careful reflection on what might be lost or consensus that this is the right thing to do **National Audit Office - Department for Education: Establishing Free Schools - HC 881**

Great Britain: National Audit Office, 2013-12-11 This report finds that the Department for Education has made clear progress in implementing its Free Schools programme by opening 174 such schools since 2010 Many of these Free Schools new all ability state schools set up following proposals from different groups and as academies funded directly by the Department for Education have been established quickly and at relatively low cost and the Department's assessment of proposals has improved However the primary factor in decision making has been opening schools at pace rather than maximizing value for money The Department is now establishing a wider approach on how it could maximize its benefits in deciding on which schools to approve At 6.6 million a school the average unit cost of premises is now more than double the Department's original planning assumption though the current assumption now reflects actual costs Because the programme is demand led there is uncertainty about types of schools and where they will be located Most primary Free Schools are in areas that need extra school places but there have been no applications in half of all districts with high or severe forecast need for school places Overall Free Schools opened with three quarters of planned admissions in their first year but there have been significant variations between schools Oversight of the schools has evolved but serious financial management and governance concerns highlighted in two recent investigations by the Education Funding Agency highlight the risks in some schools and the need systematically to address lessons learned as the programme develops **Arbitration Concerning the South China Sea** Shicun Wu, Keyuan Zou, 2016-03-02 On 22 January 2013 the Republic of the Philippines instituted arbitral proceedings against the People's Republic of China PRC under the United Nations Convention on the Law of the Sea

UNCLOS with regard to disputes between the two countries in the South China Sea The South China Sea Arbitration is a landmark case in international law because of the parties involved the legal questions to be decided and the absence of one of the parties As revealed in its official statements the PRC will neither accept nor participate in this arbitration nor present written and oral arguments in the tribunal room Such default of appearance makes applicable certain procedural rules According to Article 9 of Annex VII the Tribunal before making its Award is obligated to satisfy itself not only that it has jurisdiction over the dispute but also that the claims brought by the Philippines are well founded in fact and law Therefore it is necessary for the Tribunal to look into all the claims brought forward by the Philippines and all the disputes constituted by the claims in the procedural phase The possible arguments the PRC could make should be explored during this process This book brings together chapters selected from well established scholars in Asia Europe and North America addressing the issues arising from the South China Sea Arbitration It contains five easy to read parts origin and development of the South China Sea dispute the jurisdiction and admissibility of the case international adjudication and dispute settlement legal issues arising from the case such as the legal status of the U shaped line and islands rocks and low tide elevations and the Arbitration case and its impact on regional maritime security Dispute Settlement Reports 2015: Volume 6, Pages 3115-3564 World Trade Organization, 2016-12-08 The Dispute Settlement Reports of the World Trade Organization WTO include Panel and Appellate Body reports as well as arbitration awards in disputes concerning the rights and obligations of WTO members under the provisions of the Marrakesh Agreement Establishing the World Trade Organization These are the WTO authorized and paginated reports in English An essential addition to the library of all practicing and academic trade lawyers and needed by students worldwide taking courses in international economic or trade law DSR 2015 Volume 6 reports on Ukraine Definitive Safeguard Measures on Certain Passenger Cars WT DS468 and Peru Additional Duty on Imports of Certain Agricultural Products WT DS457 *Yearbook of the European Convention for the Prevention of Torture and Inhuman or Degrading Treatment or Punishment/Annuaire de la convention européenne pour la prévention de la torture et des peines ou traitements inhumain ou dégradants* Council of Europe/Conseil de l'Europe, 2023-12-11 The Yearbook of the European Convention for the Prevention of Torture offers an essential annual overview of developments in relation to the ECPT This Yearbook consists of three parts sold as three separate volumes Part One contains information as to ratifications etc as at 31 December 2015 in the authentic English and French texts Part Two contains the CPT s reports to States and the State responses thereto that were made public during 2015 The CPT s reports are published in the official English and or French texts and State responses in the English and or French versions submitted by the States concerned Part Three reproduces the official English and French texts of the CPT Public Statement concerning Bulgaria as well as the CPT s Checklist for visits to social care institutions where persons may be deprived of their liberty and the CPT s standards on living space per prisoner in prison establishments Bilingual English and French This book is part of a three volume set Each

Drowning by Accident Elizabeth Meinhard, 2022-02-15 Drowning By Accident explains why it is so easy to drown where accidents happen and how to save lives by early rescue and resuscitation More than 600 people die by drowning in Britain every year Swimming is promoted as a particularly safe form of exercise so that swimmers forget or ignore the dangers of frigid lakes swollen rivers incoming tides or outgoing rip currents Drowning accidents take place because we don't recognise water as a hostile environment We overestimate the strength and endurance of our bodies and underestimate the power and deceptiveness of water Year after

year victims lose their lives in typical drowning accidents often sinking so quickly and silently that nearby family friends and onlookers fail to notice the tragedy taking place close beside them Babies drown in baths Toddlers drown in garden ponds School children fall off rafts Teenagers strike too far from the shore Pensioners wade into rivers to save their dogs Victims often die within minutes of sinking beneath the surface A quarter of those who reach hospital alive will also die while others survive with severe permanent brain damage This means that it is vitally important for parents grandparents teachers

lifeguards and lawmakers to recognise the risks and prevent drowning accidents before they take place **Fragile Rights**

Anne Revillard, 2023-03-29 The French version of this book was the winner of the 2022 Grand Prix de la Protection Sociale

Over the years many disability related rights have been legally recognized but how has this changed the everyday lives of people with disabilities Drawing on biographical interviews collected from individuals with mobility or visual impairments in France this book analyses the reception of disability policies in the fields of education employment social rights and accessibility It examines to what extent these policies contribute to the realization of associated rights among disabled people The book demonstrates that the rights associated with disability suffer from major implementation flaws while shedding light on the very active role of disabled citizens in the realization of their rights **Tunisia**

International Monetary Fund. Middle East and Central Asia Dept., 2014-12-29 EXECUTIVE SUMMARY Context On June 7 2013 the Executive Board approved a 24 month Stand By Arrangement in an amount equivalent to 400 percent of quota SDR 1 146 billion or about 1 75 billion To date SDR 716 25 million equivalent to 1 1 billion has been disbursed Background Tunisia is completing a successful political transition to democracy while navigating a challenging environment marked by high social and security tensions slow growth in trading partners and spillovers from regional conflicts At the same time large external and fiscal imbalances high unemployment and increased banking fragilities remain the main challenges Program implementation has been mixed All quantitative performance criteria have been met However progress on the structural reform agenda has been slow with considerable delays in the recapitalization of public banks and the legislative agenda on the tax investment and bank asset recovery fronts Program strategy The focus should continue to be on short term macroeconomic stabilization and laying foundations for higher and more inclusive growth including by moving forcefully on banking reforms Prudent fiscal and monetary policy along with improved budget composition and greater exchange rate flexibility need to be directed to containing high imbalances and anchoring inflationary expectations Recapitalizing public banks in line with good international practices is urgent in view of mounting risks to financial stability and is also important in light of its impact on financial intermediation and growth Progress on structural reforms is necessary to generate the conditions conducive to private sector led and inclusive growth and protect the most vulnerable Risks to program implementation are important The main risks relate to regional and domestic security tensions delays in forming a new government shortfalls in official and market financing or a further deterioration of the international economic environment The implementation of program

policies will continue to be tested by opposition from vested interests however support for the reform agenda among the authorities and a broad spectrum of political parties represents a key risk mitigating measure The completion of the fifth review will make SDR 71 625 million about 110 million available *The Oxford Handbook of International Climate Change Law* Cinnamon Piñon Carlarne, Kevin R. the Malaysian state of Johor along with Singapore and the Indonesian island of Batam launched the Growth Triangle to attract foreign direct investment For Johor this drive was very successful transforming its economy and driving up income levels Today Johor is one of Malaysia's developed states housing large clusters of electrical and electronics food processing and furniture producing firms While welcome this structural transformation has also entailed important challenges and strategic choices After three decades Johor's manufacture for export model is under question as it faces increasing competition and flat lining technological capabilities In response the state has sought to diversify its economy through strategic investments in new mostly service based activities Yet Johor retains pockets of excellence in traditional sectors that also require support and policy attention The state's economic transformation has also been accompanied by far reaching political social and environmental change Not least Johor's growing population has generated demand for affordable housing and put pressure on public services The strain has been exacerbated by workers from other states and overseas These demographic factors and large scale projects have in turn put stress on the environment These economic and social changes have also had political ramifications While Johor is a bastion of two of the country's oldest and most established political parties the state's large urban and connected electorate has made it hospitable terrain for new political organisations Beyond electoral politics Johor is also the home of a powerful and influential royal family with very specific ideas about its role in the state's political life Building on earlier work by the ISEAS Yusof Ishak Institute on the Singapore Johor Riau Islands Cross border Region this book focuses on this important Malaysian state as it deals with important domestic challenges on one hand and strives to engage with international markets on the other I have always felt that there are many more complementarities possible between Singapore and Johor This would be to the benefit of both economies but the political division between the two was just too great The two economies lived adjacent but separate lives Singapore looking out to the world and Johor looking north until initiatives such as the Iskandar Malaysia development corridor began to change things significantly The concern now is that the pendulum may have swung too much the other way driven by the huge income and price differentials as well as Singapore's global city status Francis and Serina's compilation is a welcomed attempt at understanding Johor in a much more comprehensive manner not just its changing economy but how its politics and society have been impacted by these changes which is a more endogenized view of economic integration Dr Nungsari Ahmad Radhi former MP Balik Pulau and Executive Director Khazanah Nasional Drawing on the expertise of internationally known specialists this insightful collection explores the multiple ways in which Johor's economic development has influenced the contemporary political scene and the effects on local society and the environment Skillfully edited and meticulously researched Johor Abode of Development is not merely required reading for anyone interested in contemporary Malaysia but will be of immense value to historians of the future Barbara Watson Andaya Professor of Asian Studies University of Hawai'i
