Question Bank: Legal Aspects of Business T.V. Ambuli, S.P. Nisha Pradeepa, 2020-08-11 Legal Aspects of Business is an important constituent of the business and corporate environment. No Corporate entity can effectively work and survive without meeting legal obligations. This book says it all in the form of Questions and Answers. Questions are framed in such a way that the readers will be able to quickly connect with the content and subject. The appropriate answers given under each question will lessen the burden of the students unlike the conventional means where learners try to navigate for answers for hours and hours.

Banking's Final Exam Morris Goldstein, 2017-05-30 Spurred by the success of the first stress test of US banks toward the end of the global economic crisis in 2009 stress testing of large financial institutions has become the cornerstone of banking supervision worldwide. The aim of the tests is to determine which banks are adequately capitalized under severe economic shocks and to order corrective measures for those that are vulnerable. In Banking's Final Exam one of the world's leading experts on banking regulation concludes that the tests administered on both sides of the Atlantic suffer from fundamental weaknesses leading to a false sense of reassurance about the safety and soundness of the banking system. Some weaknesses can be corrected within the existing bank capital regime but others will require bold reforms including higher minimum capital requirements for the largest and most systemically important banks. The banking industry is likely to resist these reforms but this book explains why their objections do not hold water.
