Surviving the Money Jungle Larry Burkett, 1990-02 **Spiritual Crisis** J Lebron McBride, 2014-02-25 It is no revelation that in today's world many people suffer from some form of spiritual crisis. But fortunately there is hope. In *Spiritual Crisis: Surviving Trauma to the Soul* you will discover how you can reverse the impact of spiritual crisis and apply healing balm to the traumatized soul. A comprehensive real life approach to spiritual care, it gives you the understanding necessary to put a lid on the daily chaos that seeks to destroy those whose lives have been shattered by tragedy, terror, and disillusionment. Written from the perspective of a compassionate professional who has navigated the dark and turbulent waters of his own spiritual crises, *Spiritual Crisis* represents a loving cross section of aid from the fields of pastoral theology, psychology, and health care. Christians and non-Christians alike will benefit from its frank approach to aiding troubled souls through the tough times of belief transition, loss of faith, and potentially damaging extremes in living and thinking. Specifically, you will read about understanding the effects and roots of spiritual crisis and trauma, coping with loss, counteracting disillusionment with the church, negotiating belief transitions, dealing with religious burnout, intervening in denominational identity crises. Oftentimes it is hard to know what will make a loved one survive or succumb to the impact of seemingly insurmountable personal emergencies. However, this book is a call to care that will enable you to help others turn back the tide of debilitating hardship in their lives and restore the tempering unity of mind and body. Whether you are a beginning pastoral counselor, a marriage and family therapist, or friend of a troubled loved one, *Spiritual Crisis* will show you and those you work with how to turn crisis into care.

Shades of Truth J K Scott, 2007-09 It is the year 2011. According to the Mayan calendar, December 21, 2012 is the date for the end of civilization on Earth. And with the world in political and environmental crisis due to terrorism, war, and natural catastrophes, that date of doom seems more and more plausible. Trend analyst Tyler Moore has already had a taste of earthly devastation from the Southern California earthquake of 2010 that forced him to relocate his company to Arizona. But when his old college roommate, the current U.S. vice president, asks for his help in analyzing the credibility of the Mayan date, Tyler begins to realize just how fragile a grip humanity has on the world. With the help of ancient civilizations' enthusiasts, Kate Ryan, Tyler plunges into a terrifying reality involving cataclysmic prophecies and international panic, a reality that could quite literally mean the end of the human race. www.authorjks.com *The Athenaeum*, 1866 *Flying Safety*, 1983 **Corporate Creativity** Sam Stern, 1997 A company's creativity is the source of new ideas that lead to everything from the tiniest improvements to dramatic innovations. Most companies are only too aware that their creative performance falls far short of potential. The problem is that they don't know what to do about it. Evidence shows that most creative acts are not planned for and come from where they are least expected. It is impossible to predict what they will be, who will be involved, and when and how they will happen. This is the true nature of corporate creativity, and it is where a company's creative potential really lies.
