Song 88

15 min: Family Worship That Refreshes. Interview a family regarding their family worship. Of what does their program consist? How do they determine what to discuss? What tools available on jw.org have they used? How has their program helped them in the ministry? How do they prevent other activities from disrupting their schedule? How have they benefited from their program of family worship?

15 min: “Improving Our Skills in the Ministry—Responding to Potential Conversation Stoppers.” Discussion. Consider two or three potential conversation stoppers that publishers may encounter, and invite comments on how we might respond. Remind publishers that they will have an opportunity to relate experiences during the week of April 7.

Song 97 and Prayer

Improving Our Skills in the Ministry—Responding to Potential Conversation Stoppers

Why Important: Imagine that you know that a natural disaster is imminent. People will die unless they flee to safety. You go to a neighbor’s home to warn him, but he interrupts you, saying that he is busy. Surely, you would not quickly abandon your efforts to help him! Many in our territory turn us away, not realizing the life-saving value

of our message. At the time of our visit, perhaps they are preoccupied. (Matt. 24:37-39) Or maybe they have been prejudiced by untrue rumors. (Matt. 11:18, 19) They might assume that we are no different from the religions that have produced bad fruitage. (2 Pet. 2:1, 2) If the householder initially is not interested, we should not be quick to give up.

How to Do It:

- Before preaching from house to house, take a few moments to think about potential conversation stoppers that you may encounter and consider how to respond.
- If the householder presents an objection, gently try to continue the conversation. Perhaps you can do that by commending him. For example, if he says that he has his own religion, you might reply, “I was hoping to find someone like you who has an interest in spiritual things.” Sometimes acknowledging the householder’s feelings or circumstances will enable you to continue giving a witness. For instance, if he says that he is busy, you might say: “I understand. But before I leave, I would like to give you this.” Another option is to ask a question if the householder says that he is not interested. You could say, “Do you mean that you are not interested in the Bible, or is it religion in general that does not interest you?”
- Use good judgment. Remember that Jehovah does not force people to listen. (Deut. 30:19) Everyone must carry his own load of spiritual responsibility. (Gal. 6:5) If the householder is adamant, it is best to take our leave. By demonstrating respect for his feelings, we may open the door for another publisher to give a witness in the future. —1 Pet. 3:15.

Try This During the Month:

- When you encounter a potential conversation stopper, after leaving the householder, discuss with your partner how you might have responded in a better way.

Eric Michael Wilson

Our Kingdom Ministry July 2014 :

Shutting the Door to the Kingdom of God Eric Michael Wilson, 2022-08-20 This book uses the New World Translation of the Holy Scriptures to prove that all the teachings of Jehovah's Witnesses concerning the Last Days and the good news of salvation are unscriptural. The author, an elder of Jehovah's Witnesses for 40 years, shares the results of the last ten years of his research into such Watch Tower teachings as the 1914 invisible presence of Christ, the overlapping generation doctrine, the failed prophecies of 1925 and 1975, the fact that the Governing Body had evidence long ago showing that 607 BCE was not the date of the Babylonian exile, and most important of all, the abundant evidence that the salvation hope offered to the JW Other Sheep is a Rutherford invention wholly without support in Scripture. He also shares his experience on how Witnesses who continue to believe in Jehovah and Jesus can move beyond JW.org without sacrificing their faith. This is a must read for any Jehovah's Witness who is a seeker of truth and unafraid to put his or her beliefs to the test. **The War for Ukraine**

Mick Ryan, 2024-08-13 The Russo-Ukraine War is a vital learning opportunity for military strategists across the globe. The first and clearest lesson to be gleaned from it is this: the soundness of a military's strategy and the nimbleness with which it can adapt to unforeseen circumstances are the two most important factors in deciding victory or defeat. The War for Ukraine analyzes the war through these twin lenses of strategy and adaptation, detailing how each army has succeeded or failed to plan for and adapt to this twenty-first century war. Author Mick Ryan examines the foundations of Ukrainian and Russian strategy for their ongoing war, looking back over several decades to reveal how both sides have evolved their military strategy and force structure. Each has undertaken institutional level reforms of their military and national security enterprises in the decade leading up to this war. But because the emergent behavior of military forces after fighting begins cannot be fully predicted, these prewar reforms only constitute a starting point for adaptation during the war. Part I of the book covers the role of strategic leadership with a focus on evolution of strategy since February 2022. From there, the second part of the book delves into how the Ukrainians and Russians have adapted their tactics, organizations, operational approaches, and strategic foundations for war making throughout the conflict. Central to this discussion are the ways that, regardless of cutting-edge technology, human elements have remained a crucial deciding factor in Ukraine. Ryan shows how good leadership allows a nation to navigate the ambiguity and uncertainty of conflict while poor leadership leaves it vulnerable to surprises. Likewise, The War for Ukraine offers case studies of the importance of an institution's ability to nurture and reward human learning as it relates to combat. The book provides strategists, policymakers, and military leaders with a basis from which to plan for constant adaptation in military organizations. General readers of contemporary global conflict will also find The War for Ukraine of great interest. He had literally discovered God. That question, "Is there a God that's been going through people's minds for so long discussed on the street corner, talked about on the porch on a hot summer's night, is now a proven fact." **WHO Report on the Global Tobacco Epidemic 2015: Raising Taxes on Tobacco** World Health Organization, 2015-07-31 This report, the fifth in the series of WHO reports on the global tobacco epidemic, presents a country-level examination of the epidemic and identifies countries that have applied effective tobacco control measures. The number of people worldwide protected by effective tobacco control measures continues to grow, and countries that have adopted these measures at the highest level of achievement can be considered models for action for those countries that have yet to do so. The focus of this report is raising taxes on tobacco, the R component of MPOWER. Time and again, increasing taxes on tobacco products to increase retail prices has been proven to be the most effective and efficient of the best buy demand reduction measures to reduce tobacco use. And yet, it is also the least widely implemented measure. **Minerals Yearbook**, 2014 *Survival: Global Politics and Strategy June-July 2020* 0 The International Institute for Strategic Studies (IISS), 2023-04-14 *Survival*, the IISS's bimonthly journal, challenges conventional wisdom and brings fresh, often controversial perspectives on strategic issues of the moment. In this issue, François Heisbourg argues that the COVID-19 pandemic has reinforced the power of the state in its traditional role as protector of society from outside threats. Lawrence Freedman assesses that the UK misjudged the speed and severity of the pandemic but ultimately followed the science. Gigi Kwirk Gronvall describes the extraordinary global mobilisation of the scientific community as a source of hope amid the pandemic. Mark Fitzpatrick warns that US sanctions against Iran not only damage America's reputation but also violate its moral duty to prevent further deaths of Iranians from COVID-19. And eight more thought-provoking pieces, as well as our regular book reviews and noteworthy column.
