I. Introduction

- **Overview:** This chapter introduces the growing role of social media in modern marketing and its potential influence on consumer behavior. It sets the context for the research by highlighting the rapid expansion of social media platforms and their pervasive reach.
- **Thesis Statement:** Social media platforms, including Facebook, Instagram, and Twitter, significantly alter consumer behavior by shaping purchasing decisions, influencing brand perceptions, and disrupting traditional marketing strategies. This study examines how these platforms affect consumer choices and brand loyalty.

II. Literature Review

A. Historical Context

A comprehensive examination of theories related to consumer behavior before the advent of social media includes an in-depth look at established models such as the AIDA Model, which delineates the stages of Attention, Interest, Desire, and Action, as well as Maslow's Hierarchy of Needs, which organizes human motivations into a pyramid structure ranging from basic physiological needs to self-actualization.

B. Current Research

An extensive overview of the most recent research exploring the influence of social media on consumer behavior has been compiled. This overview highlights several pivotal studies that have significantly contributed to our understanding of this field. The key studies included in this
