L Is for Lion Annie Rachele Lanzillotto, 2013-02-01 A 1960s Bronx tomboy learns how to survive her brutal but humorous Italian family and all the rest that life throws her The harder you hit the pavement the higher you fly This vivid memoir speaks the intense truth of a Bronx tomboy whose 1960s girlhood was marked by her father's lullabies laced with his dissociative memories of combat in World War II At four years old Annie Rachele Lanzillotto bounced her Spalden on the stoop and watched the boys play stickball in the street inside she hid silver teaspoons behind the heat pipes to tap calls for help while her father beat her mother At eighteen on the edge of ambitious freedom her studies at Brown University were halted by the growth of a massive tumor inside her chest Thus began a wild truth seeking journey for survival fueled by the lessons of lasagna vows and Spalden ascensions From the stoops of the Bronx to cross dressing on the streets of Egypt from the cancer ward at Memorial Sloan Kettering to New York City's gay

club scene of the 80s this poignant and authentic story takes us from underneath the dining room table to the stoop the sidewalk the street and ultimately out into the wide world of immigration gay subculture cancer treatment mental illness gender dynamics drug addiction domestic violence and a vast array of Italian American characters With a quintessential New Yorker as narrator and guide this journey crescendos in a reluctant return home to the timeless wisdom of a peasant immigrant grandmother Rosa Marsico Petruzzelli who shows us the sweetest essence of soul **College.edu Version 4.0**

respected each other's commitment to our community and to its residents who relied on us in different but equally important ways. And whether it was across the table at an editorial board meeting or sharing a beverage at McGeary's, Jim was never hesitant to speak truth to power. His writings, many of which I took issue with, always reflected his commitment to honesty, accuracy, and fairness. That commitment made Albany a better city, and without question, it made me a better mayor. This book bears witness to Jim's legacy and to the impact he had on our community and on so many lives. It also serves as a testament to the vital role a great journalist plays in the vibrancy of our democratic process. The lessons to be learned here could not come at a better time. For all that we are in his debt, Jerry Jennings, Mayor of Albany, 1994-2013, Jim's arguments were thoughtful, and his writing was elegant. But what stands out most in this collection are his passion and his humanity. His passion for journalism, his passion for fairness, his passion for truth. He railed against injustice. He scoffed at heavy-handed politics. He spoke out on behalf of those who couldn't speak for themselves. Even in print, you could see his arms waving in outrage as he called upon society to rectify another of its shortcomings. Benjamin Weller, *Newsday*.

Ethics without Self, Dharma without Atman Gordon F. Davis, 2018-07-18. This volume of essays offers direct comparisons of historic Western and Buddhist perspectives on ethics and metaphysics, tracing parallels and contrasts all the way from Plato to the Stoics, Spinoza to Hume and Schopenhauer through to contemporary ethicists such as Arne Naess, Charles Taylor, and Derek Parfit. It compares and contrasts each Western philosopher with a particular strand in the Buddhist tradition, in some chapters represented by individual writers such as Nagarjuna, Vasubandhu, Santideva, or Tsongkhapa. It does so in light of both analytic concerns and themes from the existentialist and phenomenological traditions and often in an ecumenical spirit that bridges both analytic and continentalist approaches. Some of the deepest questions in ethics, dealing with the scope of agency, value-laden notions of personhood, and the nature of value in general, are intertwined with questions in metaphysics. One set of questions addresses how varying conceptions of selfhood relate to moral values, e.g., the concern of self or selves for the well-being of

others another set of questions addresses how a conception of oneself or one's selves should or should not affect how one thinks of happiness or eudaimonia or in classical Indian terms artha sukha or nirvana Western philosophy has featured discussion of both but some would argue that certain traditions of Asian philosophy have offered a more sustained and even treatment of both sets of questions The Buddhist tradition in particular has not only featured much discussion on both fronts but has attracted many contemporary philosophers to its distinctive spectrum of approaches and to what is from many Western points of view a seemingly subversive analysis of ego selfhood and personhood whether in metaphysical phenomenological or other incarnations *The Law School Buzz Book* Vault Editors, 2006-02-07 In this new edition Vault publishes the entire surveys of current students and alumni at more than 100 top law schools Each 4 to 5 page entry is composed of insider comments from students and alumni as well as the school's responses to the comments **The Struggle and the Tools** Ellen Cushman, 1998-01-01 Explores the daily lives of a group of inner city residents focusing particularly upon their language use and other types of literate strategies used to gain resources access to social institutions and respect
