1. You are going to read an article about the Iron Age Celts. In most lines there is one word that should not be there. It is either grammatically incorrect or does not fit in with the sense of the text. The task begins with an example (a).

IRON AGE CELTS

(a) The name Iron Age comes from the Celts' discovery and use of iron. (a) _____

The clues were dug up by archaeologists show how skilled the Iron Age Celts were at least making metal objects.

Archaeologists found a lot of jewellery when digging for clues about the Celts. The Celts used to bronze and gold as well as iron. The heads of the tribe would wear fancy jewellery to show us how important they were.

Celtic craftsmen loved symmetrical designs and patterns. They were especially fond of a three-legged shape. They would also like to use animal shapes and faces in their patterns.

Because of archaeologists rarely find clothing, leatherwork or basketwork, we can only guess by looking at the metal, gold and other objects that have survived that the Celts very liked bright colours and the complicated patterns.
