Financial Mail ,2006-09 **CRC World Dictionary of Medicinal and Poisonous Plants** Umberto Quattrocchi, 2012-05-03 Following on the successes of two previous dictionary projects, the CRC World Dictionary of Plant Names and the CRC World Dictionary of the Grasses, Umberto Quattrocchi has undertaken this dictionary of economically important plants. He has done for these plants what was so admirably done in his other works: brought the vast and scattered literature on plant names and in this case too their uses into coherent order so that the inquisitive scholar can get a foothold. From the Foreword: Donald H. Pfister, Harvard University and Harvard University Herbaria, Cambridge, Massachusetts. The CRC World Dictionary of Medicinal and Poisonous Plants: Common Names, Scientific Names, Eponyms, Synonyms, and Etymology provides the starting point for better access to data on plants used around the world in medicine, food, and cultural

practices The material found in the five volumes has been painstakingly gathered from papers of general interest reports and records taxonomic revisions field studies herbaria and herbarium collections notes monographs pamphlets botanical literature and literature tout court It includes sources available at various natural history libraries floras and standard flora works local floras and local histories nomenclatural histories and the International Code of Botanical Nomenclature Much more than a dictionary the book provides the names of thousands of genera and species of economically important plants concise summaries of plant properties and appropriate observations about medicinal uses Drawing from a tremendous range of primary and secondary sources it is an indispensable time saving guide for all those involved with botany herbal medicine pharmacognosy toxicology medicinal and natural product chemistry and agriculture *Webster's International Dictionary of the English Language* Noah Webster, 1894
