Trends And Tropes E.D.M. Sibiya, Zilibele Mtumane, 2024-06-07 This collection explores topical and current issues in indigenous African language literature of South Africa. These include narratological elements of literature, language usage, poetry analysis, and song lyrics. Each scholar presents findings that are particular to their research, thus making the book a valuable source of knowledge penned in a diversity of writing styles across different literary genres. Seventy per cent of the chapters are written in English and thirty per cent in isiZulu, a gesture towards encouraging research presentations in indigenous languages. Also of interest is that the chapter content covers traditional or largely obsolete forms such as folklore and essays. Print edition not for sale in Sub-Saharan Africa.
