**Uniform Prejudice** Thomas C. Rust, 2025-03-25 This book examines the historical experiences of LGBTQ individuals facing discrimination in the early 20th century military before same sex acts were explicitly illegal Centered on the court martial of Private Laurence Edgar Moon in 1912 the book sheds light on the broader landscape of prejudice prior to the explicit criminalization of same sex acts in 1916 Through Moon's case the narrative delves into the interplay of gender sexuality and power within the military and society Army officers enforced a simplistic binary understanding of sexuality and masculinity linking moral character to sexual behavior Moon's experience challenges this narrow view revealing the

complexities surrounding turn of the century notions of masculinity and sexual identity Employing a microhistorical approach grounded in queer theory the book uncovers often overlooked stories of queer service members who faced discrimination yet remained dedicated to their duty It also highlights the evolving language and legal definitions related to same sex acts and the cultural anxieties surrounding them illustrating the importance of queer theory and microhistory in understanding marginalized experiences Uniform Prejudice offers a compelling narrative of a century long history of prejudice and persecution faced by LGBTQ individuals in the military The engaging microhistorical approach captivates readers while addressing significant theoretical and historical themes This accessible book is aimed at scholars students and general readers interested in LGBTQ history military history and the ongoing challenges and advancements of LGBTQ individuals in the U S military urging a more inclusive and intersectional perspective *Small Press Record of Books in Print* ,1992
