Sims, 2021-01-01 Why with hundreds and hundreds of books on leadership to choose from why another one The answer is simple Given the importance of leadership and leaders in organizations there will always be efforts to try to improve our understanding on how we can improve the leadership process Leadership Leaders and Leading focuses on the age old reality that successful organizations will continue to need effective leaders at all levels The book is based on the premise that effective leaders need to be able to establish a shared vision and accompanying strategy that other members of the organization strongly believe in

and are willing to help execute The book argues that we can continue to learn from traditional and contemporary theories and myths about effective leadership leaders and how they can successfully lead an increasingly diverse and demanding workforce consumers and the broader society The book discusses foundational leadership skills like motivation communication building leader follower relationships groups and teams developing others conflict negotiation and organizational politics along with highlighting the important role leaders should play in the areas of human resource management ethics crisis and reputation management sustainability sustainable development and cybersecurity Each chapter offers the opportunity for the reader to increase their understanding of leadership leaders and leading in an increasingly dynamic world of work This book is written for those who are interested in the continued effort and dialogue on what effective leadership leaders and leading should entail in the coming years *Leadership Lessons from Jesus* Doreen M. McFarlane, 2025-05-15 This leadership book is distinctive it lifts up the magnificent leadership skills exhibited by Jesus throughout his ministry as found in the narratives of the New Testament It is recommended for anyone currently serving or desiring to serve in a leadership role whether in a church setting or in the world of business This book is both practical and dynamic demonstrating to the reader the many ways that Jesus spoke and acted in love but also in strength to create his team to work alongside them to deal with enemies to change ways of thinking and to prepare his people to go out and work toward the kingdom Every lesson provided here is both do able and practical Every lesson will work for people of faith and for others who may want to know more about Jesus **Biblical Servant Leadership** Steven Crowther, 2018-06-13 This book explores the concepts from Scripture for Servant leadership and compare these findings with contemporary models of servant leadership It is an examination of Christian leadership for the contemporary world in its global and increasing secular context Leadership studies typically view leadership externally from the results This is a good beginning but leadership needs to also view the inside of leadership in the person of the leader Scripture is uniquely qualified in this area since its first concern is the person who leads not just in leadership behaviors The author uses examples from both the Old and New Testament to establish a new shepherd model of leadership that moves beyond the servant mode to the mode of caring direction This model will provide scholars and researchers as well as leaders themselves with a way of leading that overcomes negative forms of leadership which lead to failure Muhammad (s): 11 Leadership Qualities Nabeel Al-Azami, 2022-03-07 EACH OF YOU ARE A SHEPHERD AND EACH OF YOU ARE RESPONSIBLE FOR THEIR FLOCK This profound statement by Prophet Muhammad s compels us to recognise that we are all leaders at some level But what makes someone a good leader And how does each and everyone of us measure up against the leadership standards set by the Prophet This book presents a well researched leadership framework combined with extensively applied contemporary practitioner case studies for the first time to readers interested in a Sirah prophetic life based universal model for good leadership Drawing upon scholarly findings from eastern and western sources and having examined an extensive range of

works on Sirah an original framework of eleven prophetic leadership qualities are presented with an entire chapter devoted to each Well known and lesser known events from the Sirah are explored and analysed like never before and viewed with a specialist leadership lens extracting insights on effective people management authentic leadership and succeeding against the odds Each chapter on leadership qualities offers not only what the quality means and where it can be found in the life of the Prophet but how one can develop those qualities within themselves as well
