Flynn profiles thinkers from working class backgrounds who played a prominent role in American life by addressing their intellectual work to a mass audience *Blue Collar Intellectuals* tells the fascinating story of the unschooled hobo who migrated from skid row anonymity to White House chats with the president and prime time TV specials *Blue Collar Intellectuals* tells the fascinating story of The scandalous teacher student romance that spawned a half century labor of love in writing the history of the world The Ivy League Ph D who held neither a high school nor college degree and fittingly launched a renaissance in reading the great books outside of formal schools The scholarship student who experienced the free market firsthand waiting tables and peddling socks and who became one of capitalism's most influential exponents The impoverished outcast who became the poet of the pulps elevating millions of readers along with heretofore marginal genres Guiding us through a world now vanished Flynn causes us to look anew at our own digital age and its nostrums Video gaming is just a new form of literacy Reality shows Challenge our emotional intelligence and Who cares if Johnny can't read The value of

Armengol,2011-01-18 Comprising seven different chapters the collection Men in Color attempts to analyze and revisit the representation of ethnic masculinities both white and non white in and through contemporary U S literature and cinema If most of the existing studies on masculinity and race have centered on one specific model of racialized masculinities Men in Color attempts to provide an introductory perspective on different racialized masculinities simultaneously including African American Asian American Chicano Arab American and also white masculinity which is analyzed as another ethnic and gendered construct rather than as a paradigm of normalcy and universality By exploring several ethnic masculinities in relation to each other the present volume aims to highlight both the differences and the similarities between different patterns of masculinity showing how even as gender is inflected by race certain aspects or features of masculinity remain unchanged across the ethnic board Ultimately the volume as a whole illustrates both the changing nature of masculinities as well as the recurrence of certain stereotypes such as the hypersexualization and or the feminization of ethnic males which recur in and across several ethnicities The constant tension and intersection between gender and race is the subject of this book which hopes to contribute some notes and reflections on ethnic masculinities to the much more complex and larger discussion about gender and racial identities in our increasingly multicultural and globalized 21st century world **Uncle Dubya's Jihad Jamboree** Ron Callari,2004 The Archive Incarnate Joseph Hurtgen,2018-10-10 We live in an information economy a vast archive of data ever at our fingertips In the pages of science fiction powerful entities governments and corporations attempt to use this archive to control society enforce conformity or turn citizens into passive consumers Opposing them are protagonists fighting to liberate the collective mind from those who would enforce top down control Archival technology and its depictions in science fiction have developed dramatically since the 1950s Ray Bradbury discusses archives in terms of books and television media and Margaret Atwood in terms of magazines and journaling William Gibson focused on technofuturistic cyberspace and brain to computer prosthetics Bruce Sterling on genetics and society as an archive of social practices Neal Stephenson has imagined post cyberpunk matrix space and interactive primers As the archive is altered so are the humans that interact with ever advancing technology *Inventing the Enemy* Umberto Eco,2012-09-04 This essay collection by the revered public intellectual displays his profound erudition lively wit and passion for ideas of all shapes and sizes Booklist In these fourteen essays Umberto Eco examines many of the ideas that have inspired his provocative and illuminating fiction From the title essay a disquisition of the notion that every country needs an enemy he takes readers on an exploration of lost islands mythical realms and the medieval world His topics range from indignant reviews of James Joyce s Ulysses by fascist journalists to an examination of Saint Thomas Aquinas s notions about the soul of an unborn child to censorship violence and WikiLeaks Here are essays full of passion curiosity and probing intellect by one of

Literature for Young Adults Joan L. Knickerbocker, 2017-03-15 Young adults are actively looking for anything that connects them with the changes happening in their lives, and the books discussed throughout *Literature for Young Adults* have the potential to make that connection and motivate them to read. It explores a great variety of works, genres, and formats, but it places special emphasis on contemporary works whose nontraditional themes, protagonists, and literary conventions make them well suited to young adult readers. It also looks at the ways in which contemporary readers access and share the works they're reading, and it shows teachers ways to incorporate nontraditional ways of accessing and sharing books throughout their literature programs. In addition to traditional genre chapters, *Literature for Young Adults* includes chapters on literary nonfiction, poetry, short stories, and drama; cover art, picture books, illustrated literature, and graphic novels; and film. It recognizes that while films can be used to complement print literature, they are also a literacy format in their own right, and one that young adults are particularly familiar and comfortable with. The book's discussion of literary language, including traditional elements as well as metafictional terms, enables readers to share in a literary conversation with their students and others when communicating about books. It will help readers teach young adults the language they need to articulate their responses to the books they are reading.
