## Volunteering Essay

Please enjoy my short Paper Sample on the important subject of volunteering or to 'freely offer to do something,' as many dictionaries define 'volunteering'.

### Essay on Volunteering

Volunteering takes many shapes and forms. Most of us lead extremely busy lives so we sometimes have any time left for anything else but volunteering our services to help others in need is a worthwhile cause. Angelina Jolie struck a chord when she said: That's the reason we kind of exist. It's like our job. To give to each other. And learn from each other. To capture moments of people. So it's really strange to have somebody ignore the obvious human being right in front of them. – Angelina Jolie.

Making time for others should prove beneficial for our health as well, in the long run.

The fact remains that we can do so much more than just donate money, though donating money should not be belittled in anyway. We can donate part of our time, our skills and talent to help others. This is what my talk centers on.

He is not alone as a superstar who has set a good example for his volunteering. Angelina Jolie is another:

I don't understand why some things are talked about and others are not. I don't know why I think I can make any kind of difference. All I know is that I want to," said Angelina Jolie after volunteering.

Médecins Sans Frontières, one of the largest medical volunteer organizations is the perfect example of an organization that depends on volunteering. This organization provides medical services to those in conflict zones and areas of natural disasters, helping the local population often combat severe health outbreaks by providing them with essential medical services.

if you don't have medical skills don't worry, you can start doing helping those in need by volunteering your time and services to a local charity. Then decide if you want to enroll in a larger volunteer organization. As mentioned earlier, volunteering can provide ourselves with benefits, not just those we're working for.

Volunteering can indeed prove to be beneficial for us an

**Working en comunidad** Elena Foulis, Stacey Alex, Glenn A. Martínez, 2024-09-10 Working in community is critical to several fields. Working en comunidad focuses on service learning and Latina/o communities within a variety of institutional contexts. It provides a practical framework grounded in theoretical approaches that center Latina/o experiences as foundational to understanding how to prepare students to work in the community and en comunidad. The volume tackles three major themes: ethical approaches to working with Latina/o communities within language courses and beyond; preparing Latina/o students for working with their own communities in different environments and ensuring equitable practices and building relationships that are mutually beneficial for students and community members. The editors forward two central arguments: 1. Equitable community engagement in higher education is a reflective and reciprocal process that develops empathy and personal and professional growth in students and 2. service learning is most transformative when it explicitly guides students and the community to build cultural humility and recognize Latina/o experiences and agency as foundational to the learning process. Many of the contributors and editors are Latina/o identified scholars, practitioners, and researchers who lend a rich body of experience and a personal dedication to this work. They present distinct approaches and geographies as well as range of institutions to offer a wide scope of engaged work that builds on the concept of comunidad to advance a critical new conceptual framework of equitable education and racial justice.
