Projecting the Holocaust into the Present Lawrence Baron, 2005-11-01 Most Holocaust scholars and survivors contend that the event was so catastrophic and unprecedented that it defies authentic representation in feature films Yet it is precisely the extremity of the Final Solution and the issues it raised that have fueled the cinematic imagination since the end of World War II Recognizing that movies reach a greater audience than eyewitness historical or literary accounts Lawrence Baron argues that they mirror changing public perceptions of the Holocaust over time and place After tracing the evolution of the most commonly employed genres and themes in earlier Holocaust motion pictures he focuses on how films from the 1990s made the Holocaust relevant for contemporary audiences While genres like biographical films and love stories about doomed Jewish Gentile couples remained popular they now cast Jews or non Jewish victims like homosexuals in lead roles more often than was the case in the past Baron attributes the recent proliferation of Holocaust comedies and children s movies to the search for more figurative and age appropriate genres for conveying the significance of the Holocaust to generations born after it happened He contends that thematic shifts to stories about neo Nazis rescuers survivors and their children constitute an expression of the continuing impact the Holocaust exerts on the present The book concludes with a survey of recent films like Nowhere in Africa and The Pianist

The Fantastic in Holocaust Literature and Film Judith B. Kerman, John Edgar Browning, 2014-11-19 When reality becomes fantastic what literary effects will render it credible or comprehensible To respond meaningfully to the surreality of the Holocaust writers must produce works of moral and emotional complexity One way they have achieved this is through elements of fantasy Covering a range of theoretical perspectives this collection of essays explores the use of fantastic story telling in Holocaust literature and film Writers such as Jane Yolen and Art Spiegelman are discussed as well as the sci fi television series *V* 1983 Stephen King's novella *Apt Pupil* 1982 Guillermo del Toro's *Pan's Labyrinth* 2006 and Martin Scorsese's dark thriller *Shutter Island* 2010 **Melancholia and Maturation** Eric L. Tribunella, 2010-01-15 Coming of age in children's fiction often means achieving maturity through the experience of trauma In classics ranging from *Old Yeller* to *The Outsiders* a narrative of psychological pain defies expectations of childhood as a time of innocence and play In this provocative new book Eric L. Tribunella explores why trauma especially the loss of a loved object occurs in some of the most popular and critically acclaimed twentieth century American fiction for children Tribunella draws on queer theory and feminist revisions of Freud's notion of melancholia which is described as a fundamental response to loss arguing that the low grade symptoms of melancholia are in fact what characterize the mature sober and responsible American adult *Melancholia and Maturation* looks at how this effect is achieved in a society that purports to protect youngsters from every possible source of danger thus requiring melancholia to be induced artificially Each of the book's five chapters focuses on a different kind of lost object sacrificed so as to propel the child toward a distinctively gendered sexual ethical and national adulthood from same sex friends to the companionship of boy and his dog stories from the lost ideals of historical fiction about the American Revolution to the children killed or traumatized in Holocaust novels The author examines a wide spectrum of works including Jack London's dog tales the contemporary realistic novels of S E Hinton and Newbery Medal winners like Johnny Tremain and *Bridge to Terabithia* Tribunella raises fundamental questions about the value of children's literature as a whole and provides context for understanding why certain books become required reading for youth Eric L. Tribunella is assistant professor of English at the University of Southern Mississippi His articles have been published in *Children's Literature Association Quarterly* *Children's Literature in Education* *The Lion and the Unicorn* *A Critical Journal of Children's Literature* and *Children's Literature* *Sources for Studying the Holocaust* Paul R. Bartrop, 2023-04-14 *Sources for Studying the Holocaust* provides a pathway for readers to engage with questions about what sources can be used to study the Holocaust For many historians the challenge has been how to rescue the story from oblivion when oft used sources for other periods of

history introduce even more issues around authenticity and reliability What can be learned of what transpired in villages and towns numbering several thousand people when all its Jewish inhabitants were totally obliterated through Nazi action Who can furnish eyewitness testimony if all the eyewitnesses were killed How does one examine written records preserving knowledge of facts or events where none were kept or survived the onslaught And what weight do we put upon such resources which did manage to endure the destruction wrought by the Holocaust Each chapter looks at one of a diverse range of source materials from which scholars have rescued the history including survivor testimony diaries letters newspaper accounts photographs trial documents artefacts digital resources memorials films literature and art Each chapter shows how different types of records can be utilised as accurate sources for the writing of Holocaust history Collectively they highlight the ways in which all material even the most fragmentary can be employed to recreate a reliable record of what happened during the Holocaust and show how all sources considered can be employed to find meaning and understanding by exploring a range of sources deeply This book is a unique analysis of the types of sources that can be used to access the history of Holocaust It will be of invaluable interest to readers students and researchers of the Holocaust

You Shall Tell Your Children Liora Gubkin, 2007-11-05 Passover is among the most widely observed holidays for American Jews During this festival of redemption Jewish families retell the biblical story of Exodus using a ritual book known as a haggadah often weaving modern tales of oppression through the biblical narrative References to the Holocaust are some of the most common additions to contemporary haggadot However the parallel between ancient and

modern oppression which seems obvious to some raises troubling questions for many others Is it possible to find any redemptive meaning in the Nazi genocide Are we adding value to this unforgivable moment in history Liora Gubkin critiques commemorations that violate memory by erasing the value of everyday life that was lost and collapse the diversity of responses both during the Shoah and afterward She recounts oral testimonies from Holocaust survivors cites references to the holiday in popular American culture and analyzes examples of actual haggadot Ultimately Gubkin concludes that it is possible and important to make a space for Holocaust commemoration all the time recognizing that haggadot must be constantly revisited and performed
